Information:

Xiaomi Mijia Electric Wine Opener BHR0966GL is an elegant electric wine opener that enables quick and convenient cork removal with one button. Its compact, slim black design sits comfortably in the hand, takes up little space and suits modern interiors. The transparent cover lets you observe the mechanism in action, and the minimalist design makes the device ideal for home use, social gatherings and as a stylish gift idea.

Full product description

Xiaomi Mijia Electric Wine Opener BHR0966GL - an elegant way to open wine bottles

Xiaomi Mijia Electric Wine Opener BHR0966GL is an electric wine opener designed for convenient and quick bottle opening. The slim black design looks great in the kitchen, dining room or during get-togethers with friends. The device combines simple operation with an elegant appearance, making it a practical addition for wine lovers.

Electric cork removal at the press of a button

The Xiaomi Mijia opener makes it easy to remove the cork without the need for a classic corkscrew. Simply place the device on the neck of the bottle and activate the mechanism to start the opening process automatically. Operation is intuitive, so the device is suitable for both everyday use and special occasions.

Thoughtful design and comfortable use

The compact form of the Xiaomi Mijia Electric Wine Opener means the device sits comfortably in the hand and takes up little space when stored. The housing has been made in the minimalist style characteristic of Xiaomi Mijia products. The transparent mechanism cover allows you to observe the cork removal process, which further makes the device easier to use.

A stylish addition to the home and as a gift

The elegant appearance means that the Xiaomi Mijia Electric Wine Opener can serve as a practical kitchen accessory and a gift idea. The black housing suits a variety of interior arrangements, and the aesthetic finish matches tableware, glasses and drink-serving accessories well.

Comfort during gatherings and tastings

The Xiaomi Mijia electric opener helps prepare a bottle of wine efficiently during family celebrations, dinners or get-togethers with friends. The automatic mechanism reduces the need for force, making bottle opening convenient and quick. The device can be used with various types of bottles with a classic cork.

Minimalist Xiaomi Mijia design

The Xiaomi Mijia Electric Wine Opener BHR0966GL stands out with its simple form and elegant finish. Thanks to its compact dimensions, it can be stored in a drawer or on a shelf together with other kitchen accessories. The product has been designed as a functional device that combines ease of use with aesthetics.
