Available in M, L and XL.

Full product description

Momcozy Postpartum Underwear

Momcozy disposable postpartum underwear in a boyshort cut has been designed for comfortable use after childbirth. The high waist and stretchy waistband adapt to the figure and its movements while sitting, walking and resting, helping to keep the underwear in the right place. The covered style, resembling short shorts, combines the practical nature of disposable underwear with a cut intended for everyday wear.

Soft cotton fabric

The underwear is made from fabric consisting of 100% cotton. The material is soft and breathable, so it can be worn comfortably for longer periods. The airy cotton construction works well during rest, everyday activities and sleep, when a loose fit to the body is especially important.

Size fit

Momcozy underwear is available in sizes M, L and XL. Size M corresponds to a waist circumference of 76–86 cm and hips of 86–99 cm, size L to a waist of 89–97 cm and hips of 101–112 cm, while size XL fits a waist of 99–104 cm and hips of 114–122 cm. The manufacturer recommends measuring the waist and hips carefully before choosing a variant, and if the results indicate two different sizes, the hip measurement should be used as the guide.

For everyday use and travel

The manufacturer points to several situations in which disposable postpartum underwear may be practical: a hospital stay, resting at home, travel and night-time use. The high waist, elastic waistband and soft cotton fabric help maintain comfort when changing position and carrying out everyday activities. The individual packaging of each piece also makes the underwear easy to store in a bag without unpacking the whole set.

Wide gusset for pads

The widened crotch area has been designed for use with sanitary pads and liners. The wide gusset offers more space for the correct placement of the chosen absorbent product and helps keep it stable during everyday use. Combined with the high waist and covered boyshort style, it creates a functional design tailored to the needs of the postpartum period.
