Full product description

HALNY Networks

Polish PRODUCER! This is how you can define the company **HALNY Networks**. Innovative devices for telecommunication solutions, which are mainly based on **subscriber terminations (Optical Network Terminal)**, but in the portfolio you can also find **wireless routers**. **HALLY** are professional solutions for **IPTV** operators, which allow to provide **multigabit Internet**, TV (**IPTV**) and **audio-video** services in very good quality.

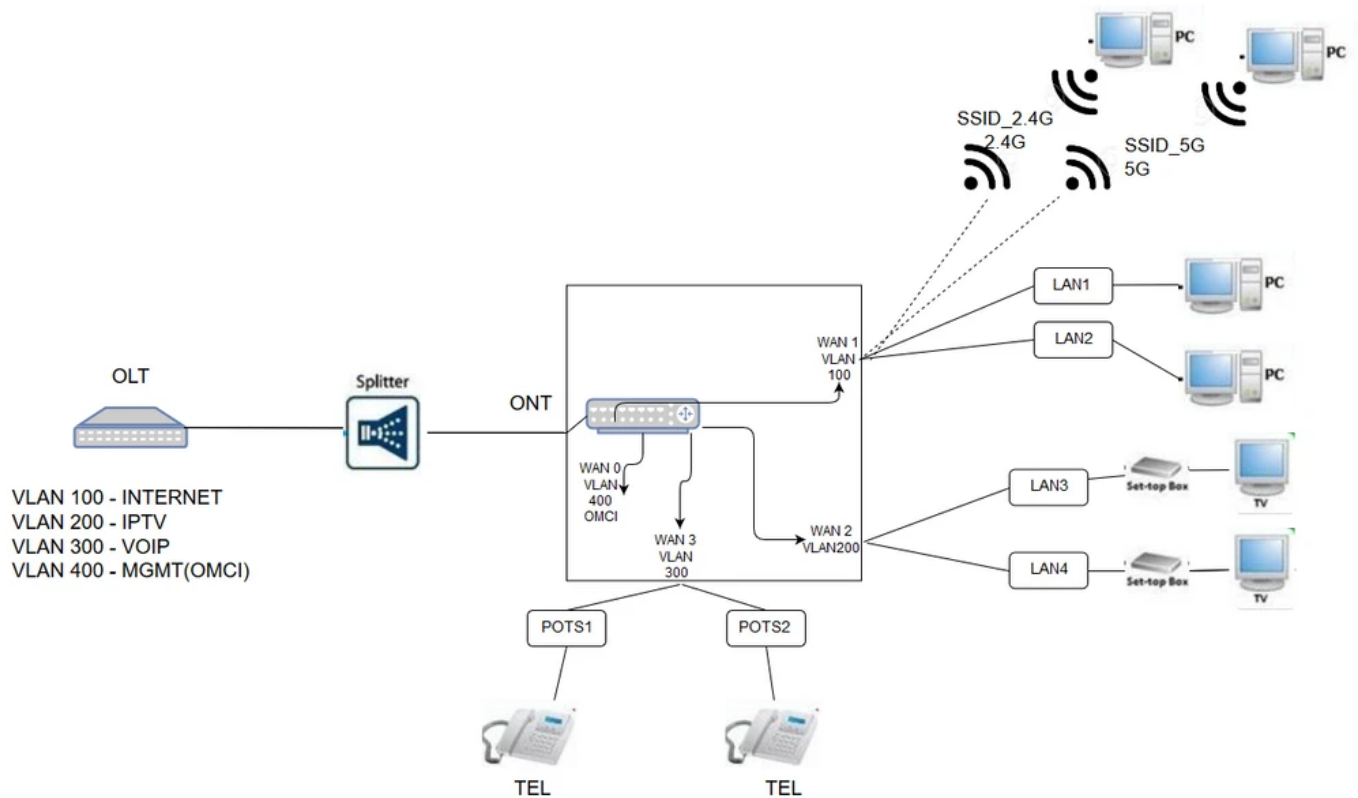

HALNY HL-4GMV GPON ONT

HALNy HL-4GMV GPON is a four-port client terminal designed for installation in **FTTH (Fiber To The Home)** networks. The device works in **xPON** technology and complies with current **ITU-T G.984.x and G.988.** standards.

HALNy triple play

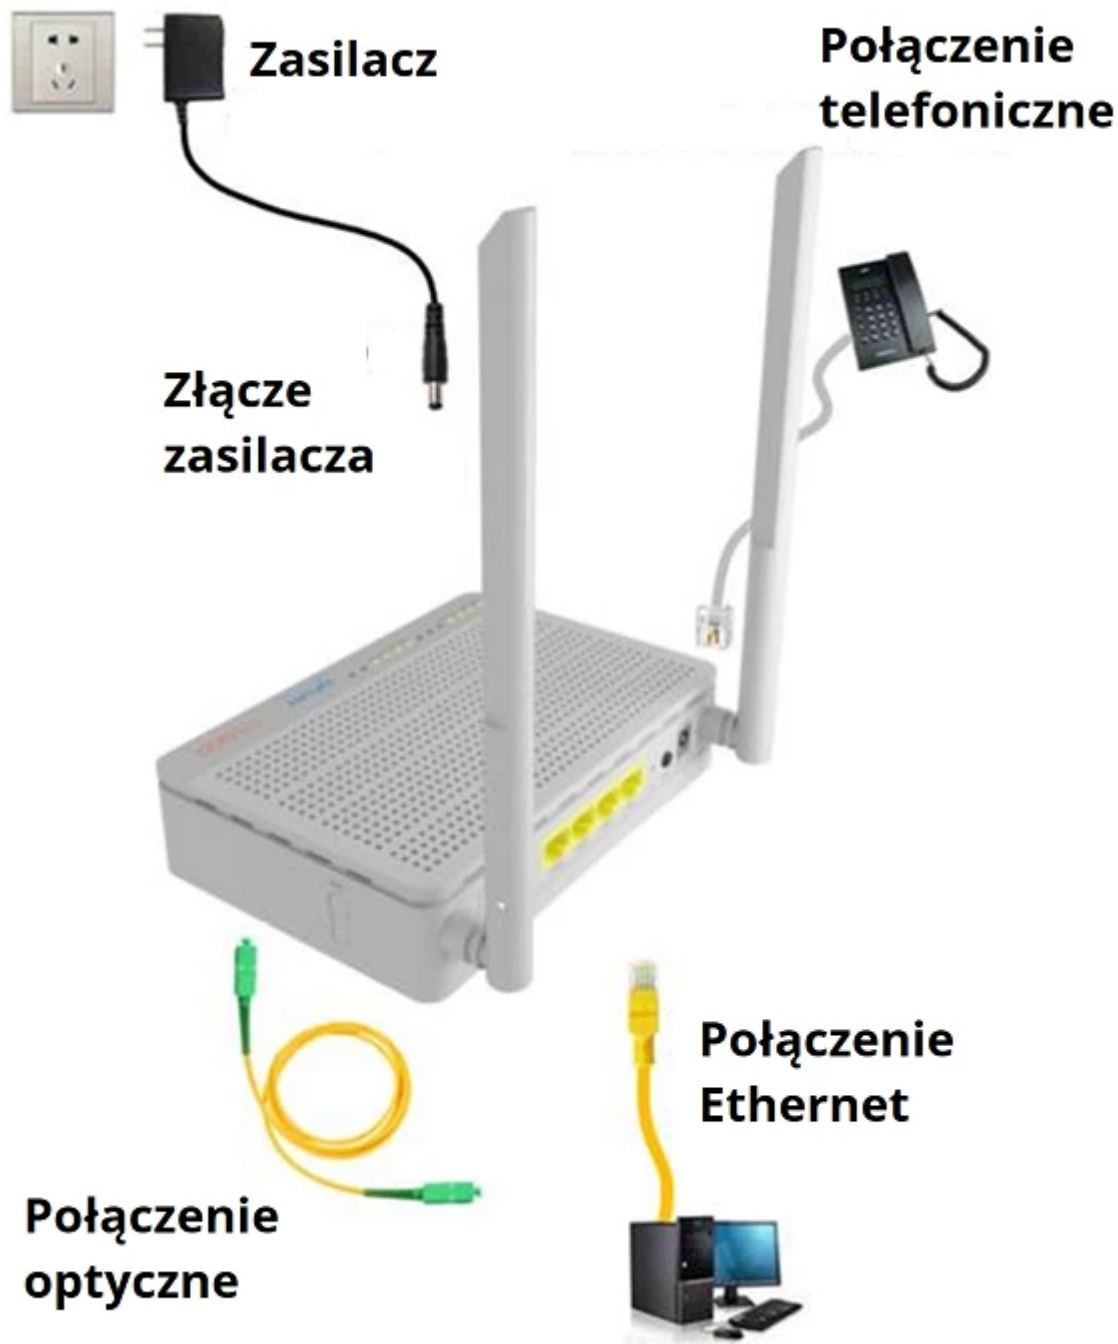

HALNy HL-4GMV in addition to four Gigabit ports, has been equipped with a dual-band wireless interface **dualband AC1200** (2.4GHz and 5GHz) with **two external antennas**, each with 5dBi gain. HL-4GMV supports MU-MIMO 2x2 technology, which guarantees us additionally HALNy has equipped ONT **xPON** with two **Voice FXS (RJ-11)** ports, thanks to which ISP operators have the possibility to share the full service **triple play**. Then access to **fast Internet, IPTV and voice** services are provided on one device.

All **HALNy** devices have all functionalities of the second layer by default (**Layer 2**). ONT **HL-4GMV** also has advanced L2 **VLAN**, L2 **QoS**, Multicast **IGMP** and router functions (**HGU**) and **NAT**.

Compatibility with other operators

HALNy specializes in very cost effective projects and works closely with service providers. All this in order to improve the profitability of operations, thanks to a wide range of standard products. It is extremely important that **HALLY devices are compatible with other companies**, which makes the solution very universal.

List of compatible devices (GPON OLT)

- ZTE C320 / C220
- Huawei MA56XX, MA5683T, MA5800
- Nokia (Alcatel-Lucent) ISAM FX-4
- Zyxel OLT1408, IES 4204
- Ubiquoss U9016B
- Raisecom ISCOM6800
- Fiberhome AN5116-06B
- Cisco / Altice ME4601
- Ericsson EDA1500
- Dasan V5816, V5808, V8102, V8106, V5824G, V8240, V5812G

The perfect replacement

Thanks to compatibility with other operators and very high functionality **HALNy HL-4GMV** is an ideal **replacement** for many devices **ONT (Optical Network Terminal)**.

- HUAWEI: EG8145V5, EG8245Q, HG8245D, HG8245Q, EG8247H

- ZTE: F660, F670
- DASAN: H640GW H660GW H660GM
- Nokia (Alcatel-Lucent): G-140W-ME, I-240W-Q, 7368 ISAM ONT G-140W-C
- CALIX: 844G-2
- FIBERHOME: AN5506-04-FA, AN5506-04-FAT
- UBIQUOSS: C624WGB
- RAISECOM: HT803G-W
