Price: **309.00 zł** gross / 251.22 zł net

Manufacturer: EXTRALINK

Referention number: DNXGGIOJHRMMHH

Product features

Regulatory Approvals	CE, FCC, RoHS, WEEE, MSDS, UN38.3, UL62368, BattG
Storage relative humidity (H-H)	0 - 90%
Height	92.5 mm
Antenna type	Internal
LED indicators	Charging
Sensor type	CMOS
Width	84 mm
Depth	62 mm
Connectivity technology	Wireless
Maximum resolution	2560 pixels
Audio system full duplex	Yes
Mounting kit	Yes
Storage temperature (T-T)	-20 - 60 °C
Cables included	Micro-USB
Manual languages	English
Built-in siren	Yes
Audio system	1-way
Mounting brackets included	Yes
Night mode	Yes
Humidity measurement range	10 - 80%

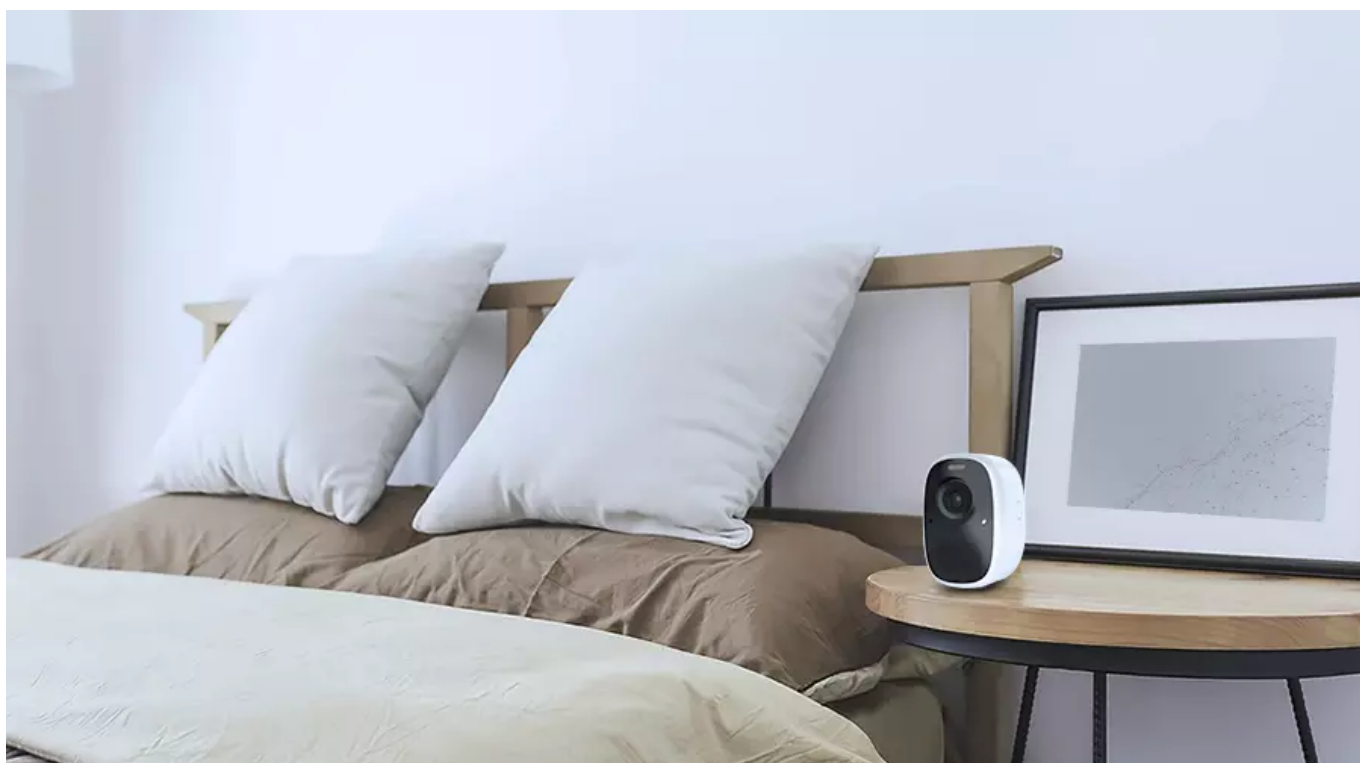

Management software	VicoHome
Networking standards	IEEE 802.11b
Fog proof	Yes
Battery included	Yes
Video compression formats	H.264
Number of cameras	1
Smartphone/tablet remote support	Yes
Number of lenses	12
IFU / User manual	Yes
Weatherproof	Yes
Country of origin	China
Plug and Play	Yes
Built-in light	Yes
Magnetic base	Yes
Operating temperature (T-T)	-10 - 45 °C
LED type	IR
Reset button	Yes
Firmware upgradeable	Yes
PTZ control	No
Memory card included	No
Screws included	Yes
WPS push button	No
Lens viewing angle, diagonal	110 °
Total megapixels	4 MP
Lens viewing angle, vertical	55 °
Lens viewing angle, horizontal	95 °
Video formats supported	H.264
Maximum memory card size	128 GB
Video recording	Yes
Compatible memory cards	MicroSD (TransFlash)
International Protection (IP) code	IP65
Remote viewing	Yes
Day/night mode	Yes
Wi-Fi standards	802.11b
Wi-Fi	Yes
Bluetooth	No
Ethernet LAN	No
AC input voltage	5 V
Built-in speaker(s)	Yes
Sun shield included	No
SIM card slot	No
Built-in HDD	No
Microphone in	Yes
Supported video modes	1440p
Power source type	Battery
Camera pan control	Yes
Product colour	Black
Mounting hardware type	Wall

Web browser	No
Mobile network connection	No
Watch case material	Polyvinyl chloride (PVC)
Type	IP security camera
Designation	Indoor & outdoor

Full product description

Intelligent 2.5K 1440p wireless camera with built-in rechargeable battery from Extralink

Extralink presents a new product in wireless camera line - **Extralink Protector Pro**. It is fully wireless camera with built-in **5200 mAh** battery. A **2.5K 1440p** resolution sensor, two-way intercom, **IP 65 weather resistance**, [mobile application in Polish language](#) and functions based on **artificial intelligence** - all these and many other advantages make the **Extralink Protector Pro** a rich in useful systems and functions component of a monitoring system that will guard your home or business.

Key features of Extralink Protector Pro

- Easy to install and use
- 4-Megapixel high resolution camera (2560*1440) for clear images
- Night vision up to 7 meters in color
- Two-way voice intercom support
- Built-in 5200mAh long-life battery
- 2.4G Wi-Fi network support
- Supports cloud storage, micro SD cards (up to 128 GB)
- Dustproof and waterproof IP65 design
- Recognition of human contours
- Handle with universal 1/4 screw and magnetic holder

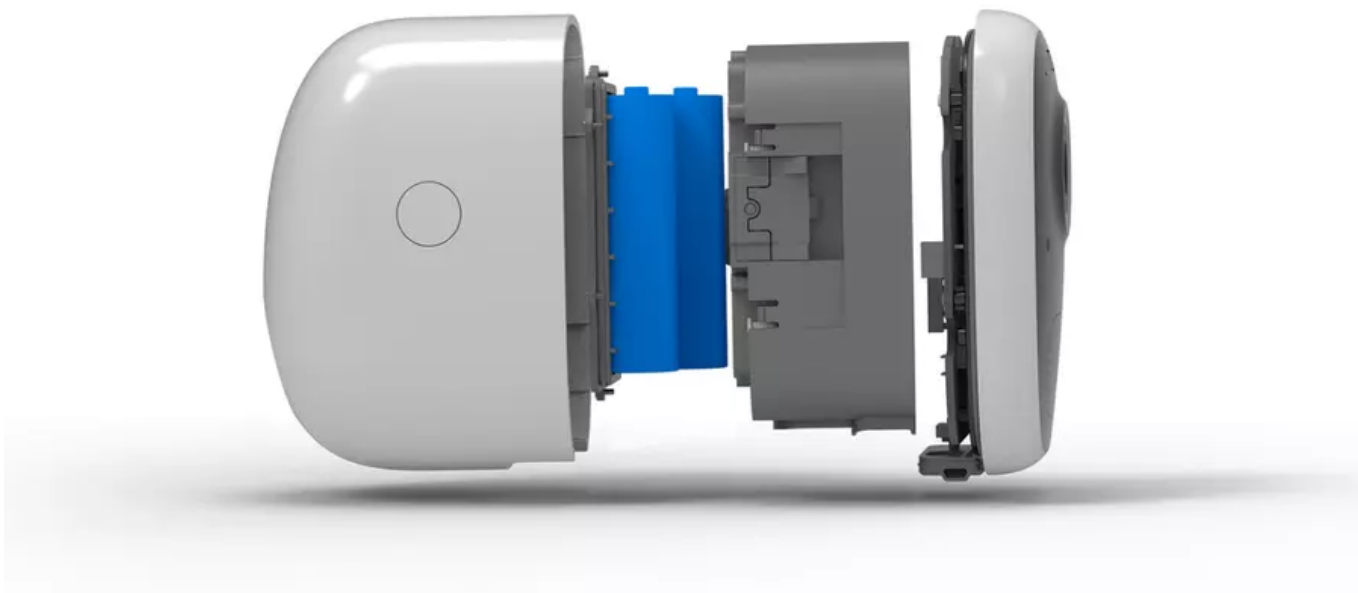

Hassle-free and easy installation

Thanks to the **built-in rechargeable battery**, there is no need to connect power cables. Installation of the **Extralink Protector Pro** is easy and hassle-free. By eliminating power constraints, it can be placed anywhere.

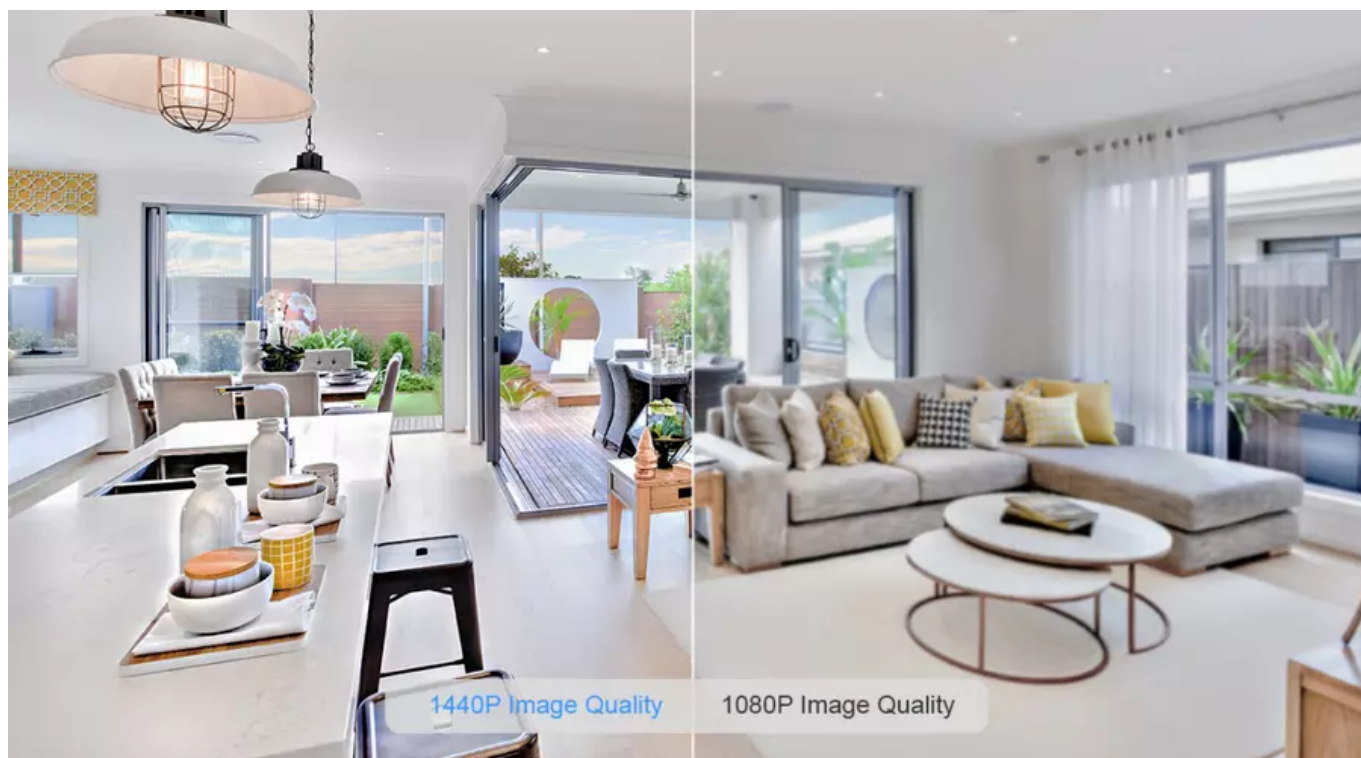

Long battery life - Extralink Protector Pro is always on guard

The **Extralink Protector Pro** 's built-in **5200 mAh** lithium battery exceeds the standards of similar products. Charging for 10 hours allows it to operate for up to 6 months.

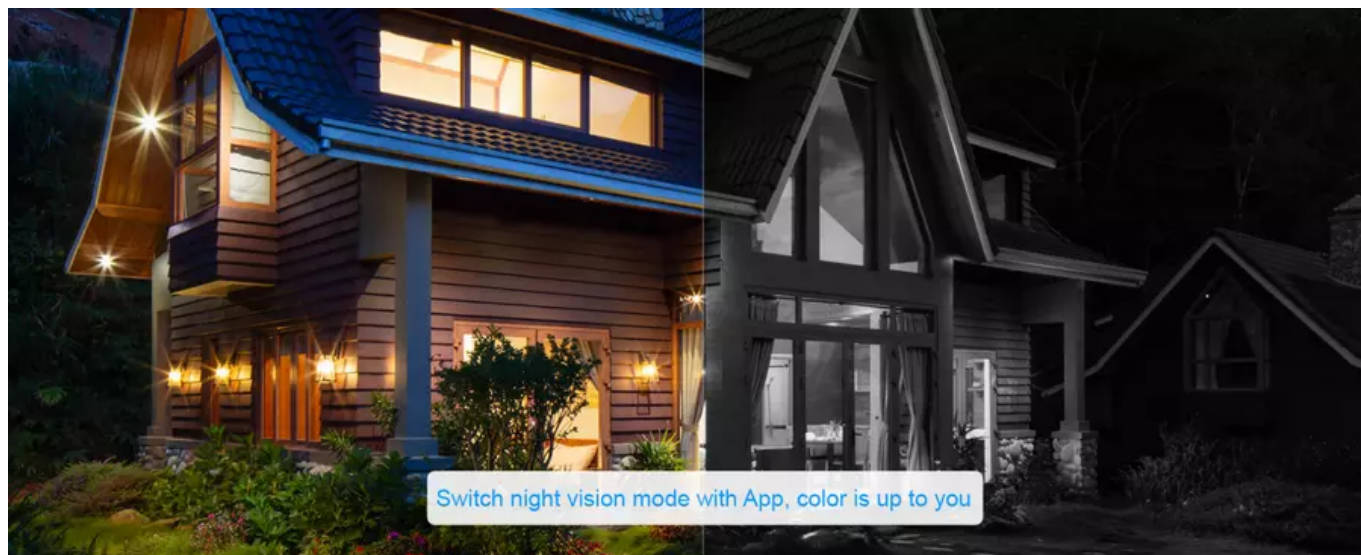

2.5K resolution, twice the HD 1080p resolution

The **Extralink Protector Pro** has a high-end **1/3" CMOS sensor with 1440P resolution**. Thanks to wide-angle lens the camera allows to capture every detail in any conditions.

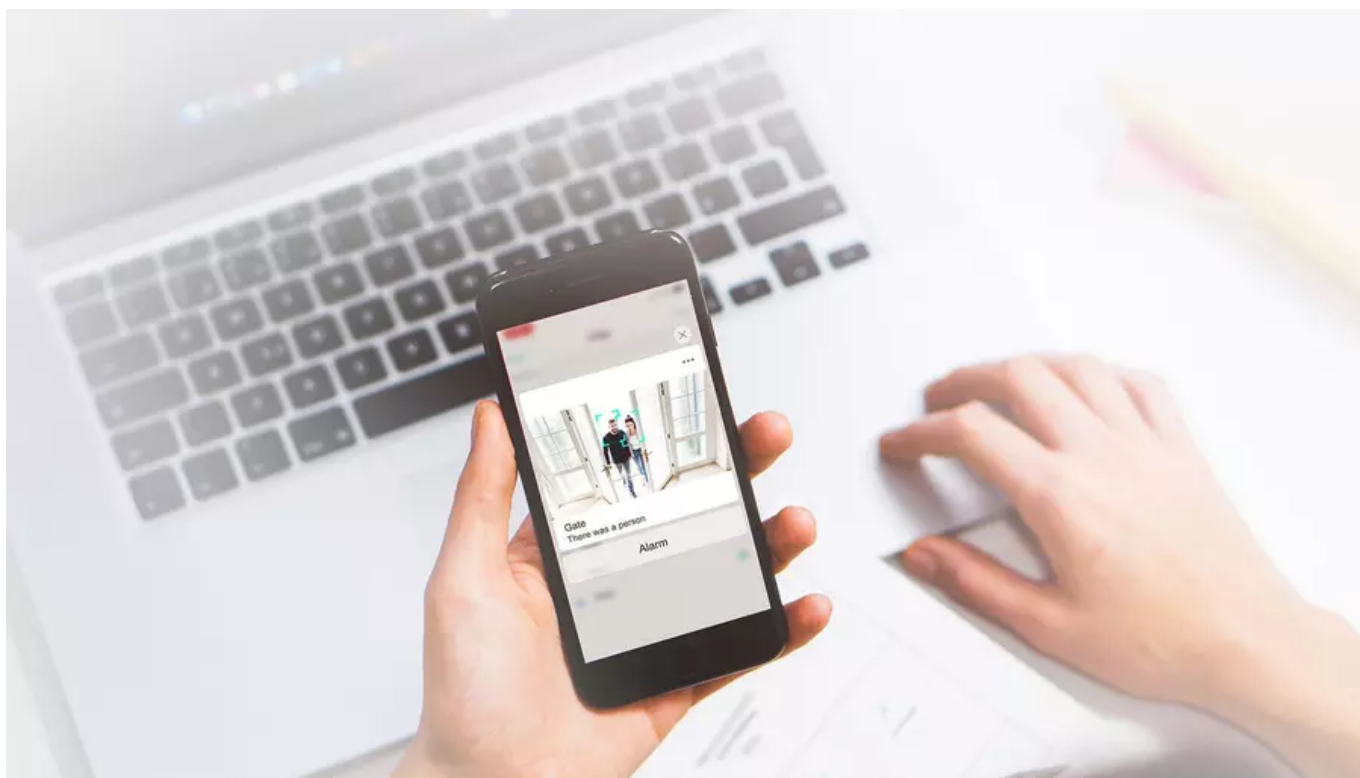

Night surveillance in 1440p

The **Extralink Protector Pro** camera with infrared LEDs allows night vision up to **7 - 10 meters**. The image remains exceptionally clear, even in complete darkness. The camera also features a **full-color night mode** thanks to a built-in lamp that provides strong white light.

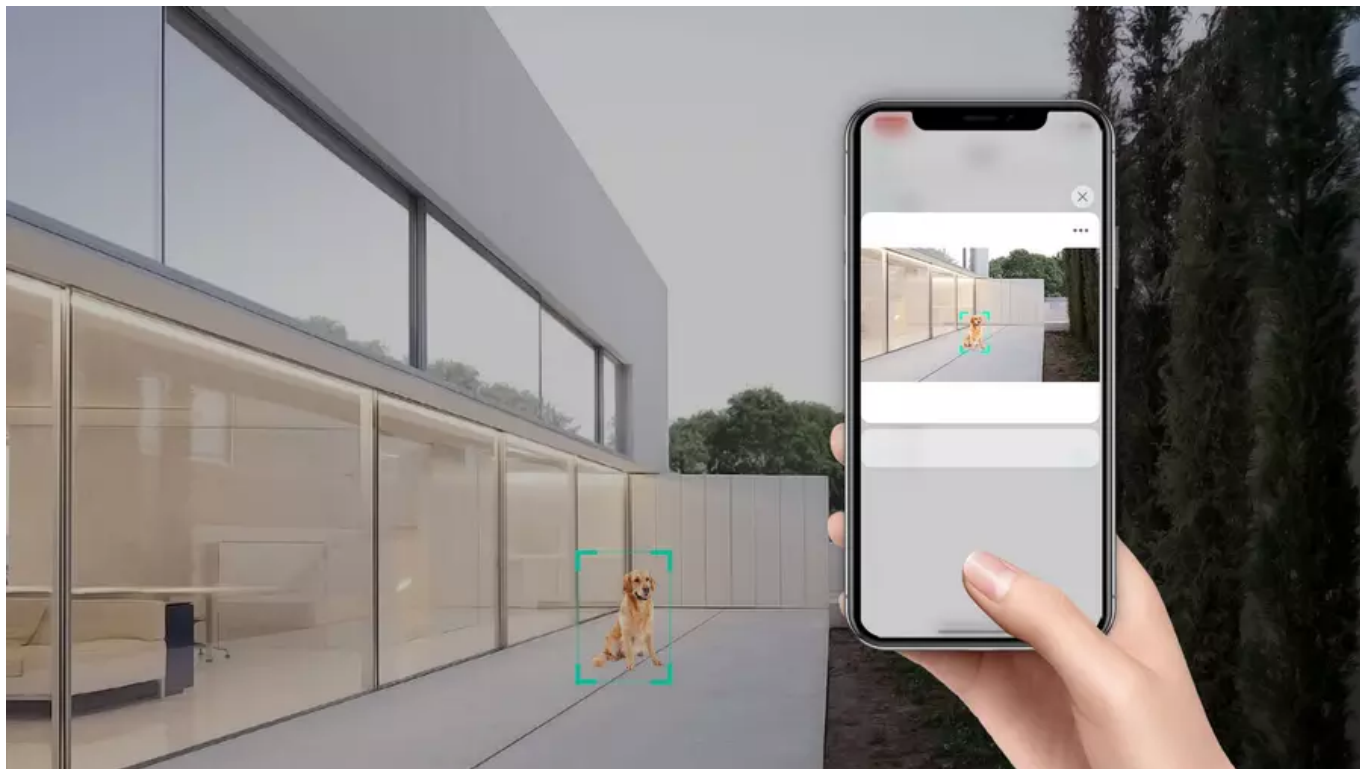

Control via app

See what's happening around your home using [mobile application for smartphones and tablets in Polish language](#). No matter where you are, the app will give you easy access to the live stream from **Extralink Protector Pro**, stored recordings as well as **two-way audio**.

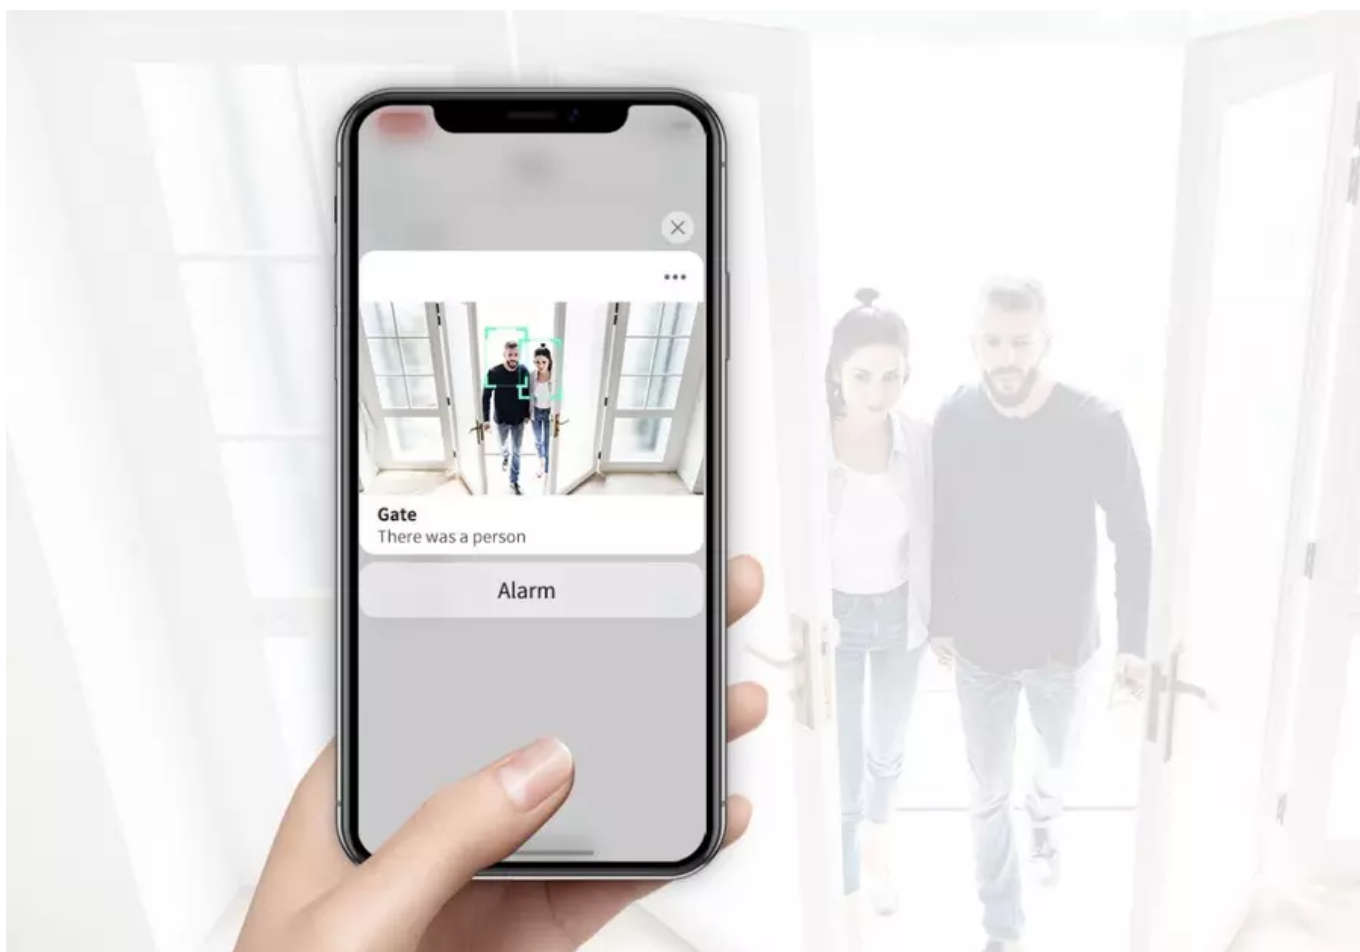

Object recognition with the help of cloud-based intelligence

The motion sensor in **Extralink Protector Pro** activates the camera, real-time object analysis and recognition is done in the cloud, and **notifications** are instantly sent to the app on your smartphone. The **artificial intelligence recognition algorithm intelligently** distinguishes between people, vehicles and pets by analyzing their behavior.

Smart notifications

Set a target category in the app, and the **AI cloud** system will send notifications only when targets are detected. No more unnecessary notifications.

Activity Zones

Precisely draw customized activity zones in the mobile app. Irrelevant information outside this area will be filtered out.

Two-way audio for live communication

With its built-in waterproof and dustproof microphone and Hi-Fi speaker, the **Extralink Protector Pro** camera enables remote communication whenever you need it.

Waterproof and dustproof to IP65

The **Extralink Protector Pro** camera has passed a rigorous waterproof test in accordance with Seiko Manufacturing international standards. Regardless of weather conditions, the camera will keep you safe 24/7.
