Built-in light	Yes
Operating temperature (T-T)	-10 - 40 °C
Total output power	1000 W
Display type	LCD
Control type	Buttons
Number of charging cycles	500
Battery technology	Lithium-Ion (Li-Ion)
Product colour	Black
USB Type-A output ports	2
Fast charging technology	Quick Charge 3.0
Built-in display	Yes
Sustainability compliance	Yes

Full product description

Power Station Jackery Explorer 1000EU

The **Jackery Explorer 1000** is one of the lightest and most portable **power stations** on the market. It features a 1000-watt PURE SINE WAVE AC outlet that provides stable power to a wide range of AC-powered devices, from TVs and projectors to small blenders and other smaller appliances.

Features of the Jackery Explorer 1000EU

Versatile outdoor power supply

The **Jackery Explorer 1000EU** has a **1002 Wh/46.4 Ah** battery, a rated output of 1000 watts and a peak output of 2000 watts from a pure sine wave AC port.

Universal portable power station

The Jackery Explorer 1000EU Power Station includes two USB ports, two USB-C ports, two AC outlets and a 12-volt vehicle output. The Jackery Explorer 1000 provides stable power to popular electronic devices and small appliances, from TVs, projectors to small blenders, etc.

Professional MPPT technology for faster solar charging

The Explorer 1000EU can be recharged in 8 hours using two SolarSaga 100 W solar panels (not included).

Portable and compact

The **Jackery Explorer 1000EU power station** weighs only 10kg and has a convenient handle for easy carrying.
