Full product description

Jirous JH-LHG cover for Mikrotik RBLHG, set of 2 pieces.

Jirous JH-LHG is a cover for LHG MicroTik Routerboard devices. The purpose of the cover is to protect against rain, wind, snow and any factors that may affect the radio signal of the device. It significantly reduces interference that can be caused by devices in the vicinity. It is made of UV-resistant plastic and aluminum. It can be combined with all LHG holders. The shielding does not affect the antenna design.

The most important features:

- compatible with the entire LHG series (except XL versions)
- full protection against adverse external factors: rain, snow, dust, etc.
- does not affect the design of the device
- fits all LHG handles
- made of UV-resistant plastic and aluminium
- set contains 2 sets of covers
