Full product description

Your private treadmill for comfortable home workouts

Kingsmith R3 Hybrid+ is the ideal solution for anyone who values convenience and functionality in one device. Foldable, quiet and robustly made – it will provide you with intense training sessions without leaving home, regardless of your level of experience.

Speed and versatility

Kingsmith R3 Hybrid+ allows speed adjustment from 1 to 12 km/h, making it suitable for both a gentle walk and an intense run. Speed can be adjusted easily **using the app** or the remote control, which guarantees full control over your workout. Whether you are a beginner or an advanced runner, this treadmill will meet your expectations.

Compactness and foldable design

The ideal solution for those who value space-saving – after finishing your workout, the treadmill can be folded, which makes storage much easier. When folded, it is **only 102 cm long and 20 cm high**, which means it will fit easily under a bed or in a wardrobe. In addition, folding it is simple and intuitive, allowing you to get ready for the next session quickly.

Comfort and safety

Equipped with a **440 mm wide running belt**, the treadmill guarantees comfort even during longer workouts. In addition, thanks to its solid construction made of **EVA and PET** and shock absorption function, it provides maximum protection for the joints while running. It is also equipped with a child lock function, making it a safe solution for the whole family.

World-Class Folding Tech

Compact and Convenient
