WALKINGPAD

Manufacturer: KINGSMITH

Referention number: DNXXGGMNIRMMKQ

Information:

Kingsmith WR1 is a compact, elegant home rowing machine that takes up little space while providing an intense full-body workout. The water resistance system delivers a natural, smooth rowing experience and adapts to the user's pace and strength. The ergonomic seat, comfortable handles and holder for a smartphone or tablet increase exercise comfort. The high-quality wooden construction gives it a premium look, and Bluetooth connectivity with the KS Fit app allows you to track workouts and use personalised plans.

Full product description

Kingsmith WR1 Rowing Machine

Enjoy elegant and effective training in the comfort of your home with the **Kingsmith WR1** rowing machine! This compact rowing machine provides an intense muscle workout, tailored to your fitness level. Thanks to **resistance adjustment, a comfortable seat and handles**, you can adapt your workout to your needs and goals. The WR1 rowing machine not only delivers a comprehensive training effect, but also adds a stylish touch to your home. It is time to take advantage of this effective training option that will let you fully enjoy a beautiful figure.

Minimal space

One of the main advantages of the **Kingsmith WR1** rowing machine is its compactness. It has small dimensions, which allow it to be easily placed in any corner of your home without taking up much space. This is especially convenient for people who have limited space at home, yet still want an efficient machine for regular workouts.

Power of water

Kingsmith WR1 is an innovative system that provides the feeling of natural rowing on water. This system offers smooth resistance adjusted to your pace and strength, allowing for an intense and enjoyable workout. The rowing machine blades are made of durable fibreglass, which ensures a realistic rowing experience.

Attention to detail

The Kingsmith WR1 rowing machine is premium-class equipment thanks to the use of the highest-quality wood and exceptional attention to detail. It stands out not only for its beautiful appearance, but also for additional features such as **an ergonomic seat and a practical holder for a smartphone or tablet**. Every detail of the WR1 has been designed to provide you with maximum comfort and convenience during your workout. Enjoy a luxurious training device that will help you achieve your fitness goals and attract attention with its unique style and functionality.

Full-body workout

Get the most **complete workout** and exercise all areas of the body during the same session. Rowing is one of the few exercises in which almost all muscles are fully engaged, as it stimulates most of the major muscle groups - including the back muscles (shoulder blades), thigh muscles, biceps and forearm muscles, and abdominal muscles.

KS Fit app

Thanks to Bluetooth connectivity, you can synchronise your device with the **KS Fit app**. From there, you can track your sessions and enjoy personalised workouts from your phone or tablet.
