Full product description

The Perfect Treadmill for Everyday Walking at Home

If you are looking for a convenient and compact treadmill to help you look after your health and fitness, the Kingsmith Z3 WalkingPad is the ideal solution. With a maximum speed of 6 km/h, this treadmill is designed for gentle walks you can do without leaving home. In addition, its foldable design and small size mean it fits easily even in small rooms, offering full functionality and convenience.

Compact and foldable design

The Kingsmith Z3 WalkingPad stands out with its ultra-slim design and foldable construction, allowing it to be quickly folded down to just **855 x 602 x 195 mm**. This means you can easily store it under the bed or in a wardrobe, saving space at home. It is the perfect choice for people who have limited space but want to train regularly.

Space-Saving

Compact and Convenient

Quiet operation and energy efficiency

The treadmill is equipped with a **1.0 HP brushless motor**, which ensures smooth and quiet operation, even during longer walks. This means you can exercise without worrying about noise disturbing other people in the house. What is more, this motor is energy-efficient, which reduces power consumption and makes the treadmill environmentally friendly.
