Full product description

Creative Fun at Your Fingertips

The Rescue Capsule is ideal for little explorers and dreamers. It is a unique toy that combines both fun and developing creativity. Your child can assemble and color their own capsule, making it a unique play space. The capsule is a space where extraordinary stories are created, and every young astronaut or lifeguard will find their own world of adventures.

Own Artistic Vision.

The Creative Rescue Capsule gives your child complete freedom to create its appearance. There are no paints or crayons in the set, which opens up the field for imagination and customization of the capsule according to one's own tastes. This is a toy that does not impose ready-made solutions, but invites the child to be active and experiment with different art techniques. The possibility to decorate the capsule with different colors and patterns makes each capsule one of a kind.

Impressive Dimensions and Exceptional Design

When folded, the capsule reaches 80 x 80 x 130 cm, making it large enough to provide a comfortable place for your child to play. Its futuristic design, equipped with airlocks, periscope and entrances and exits, allows you to create amazing rescue scenarios or space adventures. It is not only a toy, but also an original piece of decor for a child's room.

Safety and Quality

The capsule has a CE declaration of conformity, which guarantees that the product meets all European safety standards. Made of durable 5-layer corrugated cardboard, it is stable and safe for children aged 3+. As a result, parents can rest assured, knowing that their little one is playing with a high-quality product that is completely safe.

Easy Folding and Durable Design

Assembling the capsule is extremely easy and requires no glue or scissors. All the components are precisely cut out, and they are assembled using special hooks, making the whole operation a quick and hassle-free process. Durable construction makes the capsule perfect for both indoor and outdoor play in the garden, providing your child with hours of enjoyment.

Development of Imagination and Creativity

Capsule play is an excellent way to develop imagination and manual skills. Children can decide for themselves what their play space looks like, which positively influences their development of creativity. Creating and personalizing a capsule not only entertains, but also teaches - an ideal opportunity to learn through play.
