Full product description

Fun that develops imagination and manual skills

The Teepee creative folding and coloring toy is a great way to combine fun and learning. Children can assemble their own cardboard house and then color it according to their own imagination. This is a great toy for toddlers that develops a child's manual skills and creativity, while providing countless hours of fun.

Develops manual skills and creativity

The Teepee **folding and coloring** toy is an ideal way to develop children's manual skills. Children learn how to assemble the structure themselves, which improves their hand-eye coordination. Coloring their own teepee develops **artistic imagination** and allows the child to express themselves through art.

Educational fun and joint activity

It is not only a toy, but also an educational tool. Toddlers learn to **think independently**, make decisions and plan how their colorful designs will look on the teepee. **Family fun** folding and coloring is also a great opportunity to spend time together and build bonds.

Eco-friendly and safe product

Made of **durable cardboard**, the product is environmentally friendly and safe for children.
