Full product description

LOGITECH M280 - Wireless Optical Mouse

LOGITECH M280 mouse is equipped with a sensitive sensor, which resolution is **1000 DPI**. The optical device quickly and accurately responds to user manipulation and remains stable on various surfaces. To control it, there are four buttons and a scroll wheel. The special anti-slip coating and the ergonomic grip ensure a good grip.

Simplicity through Plug

The wireless connection to a PC or notebook is accomplished with a miniature radio receiver that connects via USB. **Plug technology**

Reliability through technology

Logitech is rightfully recognized as the world's leading keyboard and mouse manufacturer. Designed with quality in mind, this one is no exception. The M280's durable and long-lasting battery lasts up to 18 months of use. An on-case power switch and auto-sleep feature keep it charged longer.

Compatible with a wide range of devices

The **Logitech M280** works seamlessly with most operating systems, including Windows®, macOS and Linux®. It's also compatible with Chromebook™ computers, as certified by Works With Chromebook.
