Full product description

LOGITECH MX ANYWHERE 3 - ANYWHERE YOU WANT

Logitech MX Anywhere 3 delivers ultimate versatility and incredible performance. This compact mouse is designed for mobile work-from the home office to the coffee shop to the airport lounge.

Mouse wheel reinvented

MagSpeed's electromagnetic scrolling is precise enough to stop at one pixel, and fast enough to scroll **1,000 rows in a second**. And it's **nearly silent**. The machined steel used to make the wheel provides a superior tactile experience and dynamic inertia that you feel-but don't hear.

The machined steel of the caster provides a superior tactile experience and dynamic inertia that you feel - but don't hear.

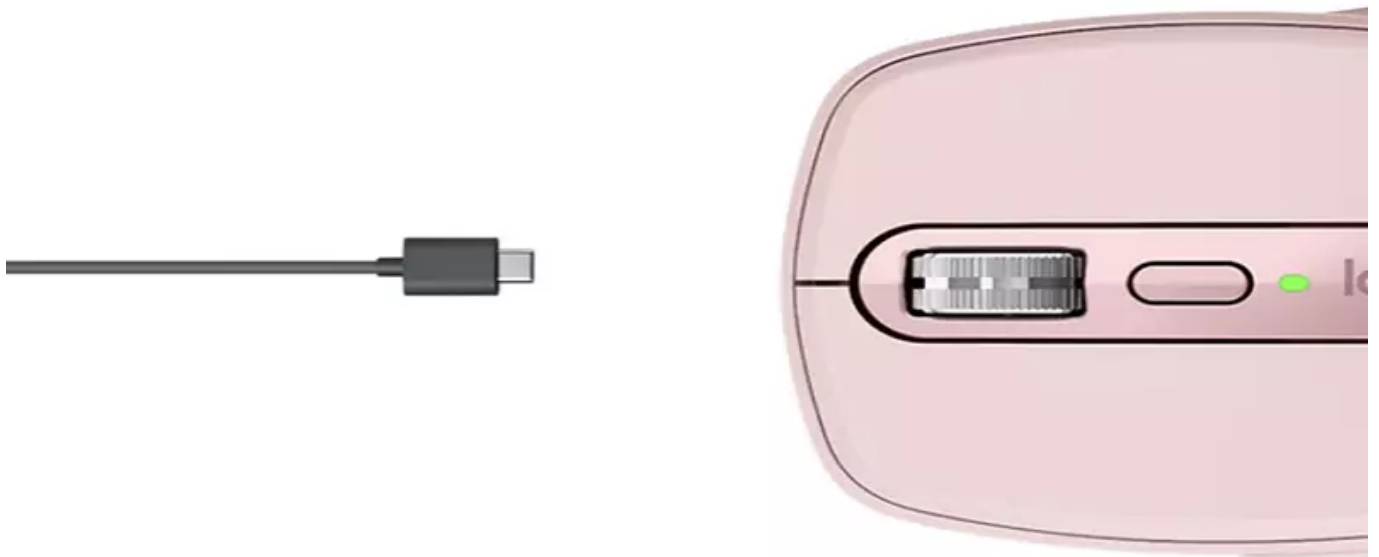

No surface to be afraid of

MX Anywhere 3 works on virtually any surface, including glass with a minimum thickness of **14mm**. So you can work seamlessly at your desk, in your favorite coffee shop, or even on the couch.

Comfort where you want it

The **MX Anywhere 3** has a compact, low-profile design that fits the shape of your hand for hours of comfort, no matter where you work. Silicone side grips keep it soft to the touch. The **MX Anywhere 3** is shock and drop resistant for mobile work. You can toss it in your bag and easily clean it after months of use on the road.

One Mouse - Many Computers

Control multiple computers seamlessly with the MX Anywhere 3 with **Flow** - just move the cursor to the edge of the screen. Your MX Anywhere 3 flows with you, even between Windows and macOS operating systems. Seamlessly transfer text, images, and files between computers-just copy on one and paste on another⁵Requires Logitech Options software, available for macOS and Windows.
