Full product description

Lytmi Fantasy 3 TV - takes visual cognition to a new level

Lytmi Fantasy 3 TV is a state-of-the-art LED lighting set that can change the way you watch TV. Enjoy a highly immersive, high-performance gaming experience with 16.8 million colors and a high refresh rate. **Lytmi Fantasy 3 TV** provides an amazing visual experience that will transport you to the world of your favorite movies, games and TV shows.

Immerse yourself in a world of color and rhythm

The **Lytmi Fantasy 3 TV** light bar will pleasantly surprise you with the speed at which it synchronizes with your device's screen, creating an exciting atmosphere for watching movies, games and videos. You can also enjoy synchronizing the light with your favorite music, creating a musical show right in your room.

Enjoy high quality

The **Neo Box** allows you to connect various devices and supports wireless communication via Wi-Fi at 2.4 GHz for stable connection and convenient control. **HDMI 2.1** provides high quality video and audio. You can enjoy amazing video resolutions up to **8K 60 Hz, 4K 120 Hz and 1080P 120 Hz**, as well as support for HDR 10 and Dolby Vision for vivid and realistic images. And with 4 input ports, you can connect your favorite devices such as consoles, TV and laptop.

Easy light control

The **Lytmi Fantasy 3 TV** is easy to install and can be controlled from a smartphone or tablet. Simply download the Lytmi app and connect the

LED strip to the same Wi-Fi network as your TV. Once connected, you can use the app to choose from a variety of ready-made lighting effects or create your own. The LED strip is also compatible with various voice assistants, including **Amazon Alexa and Google Assistant**. This means you can control the lighting with voice commands.
