Full product description

Mantar surface-mounted cabinet reinforced M-50/50/20 WZM

Mantar M-50/50/20 WZM reinforced surface-mounted cabinet - this model is used when it is not possible to install the cabinet in a recess hole. The box has a full door and is locked with a key. The Mantar cabinet made of 1.5 mm thick steel sheet in light grey is easy to install, is corrosion resistant and provides a mechanical shield for telecommunication equipment. It is designed for wall mounting, especially in places exposed to devastation and burglary.

Features

- It provides mechanical shielding for telecommunications equipment
- Standard with 2 holes at the top and bottom for cable entry (ø38 blind)
- Body reinforced with a 2 mm thick sheet metal bracket
- Special door construction reinforced with 2 mm thick sheet metal angles
- Material - 1.5 mm thick steel sheet, colour RAL7035 light grey, thick structure
- Powder coated
- Lockable with a safe lock (with high security IMP certificate according to PN-ENV 1300:2002)
- Reservation of a separate key code for each customer, different codes on request (if the key is lost, the code can be changed without changing the locks)

Accessories

- Safety-key
- Cable stock organizer
- 19" 1U SC Simplex/Duplex switch
- Mounting plate made of 1 mm thick galvanized sheet metal
- 8 mm thick OSB mounting plate
- Rack 3U 19", fixed
- Weld tray
