Full product description

Mantar fibre optic cabinet PSN-15/20/5

Mantar PSN-15/20/5 is a rack cabinet designed for wall mounting. It is made of 1 mm thick sheet metal. Powder-coated, light grey colour. Designed for distributing fiber optic cable in multi-level buildings.

Features:

- Vertical cut-out in the rear wall, allows the housing to be installed on a wall-mounted cable
- As a standard, it has 2 holes each in the side walls and one at the top and the bottom, blinded with culverts.
- There are 4 bridges at the rear for cable ties
- Standard equipment includes handles to organize the stock of fibres
- Lockable with 4-pin tumbler lock

Additional equipment:

- Weld tray
- Easy access cable
