Full product description

Mantar fibre optic cabinet SRS-30/40/13

Mantar Fiber Optic Cabinet SRS-30/40/13 designed for FTTH networks and wall mounting, made of 1 mm thick steel sheet, light grey colour. It enables terminating cables coming to the building from the telecommunication control panel, vertical cables, as well as mounting of optical splitters, constituting a mechanical shield for passive elements of optical fibre networks. The subscriber part is completely separated from the client. Locking: 2 cylinder locks with two different or one key code.

Wall-mounting

- It has 24 holes as standard for SC Duplex fiber optic adapters
- Organising handles for easy laying of the cable stock
- Material: 1 mm sheet metal
- Colour: RAL7035 light grey, thick structure, powder coated
- It has 3 holes each $\varnothing 29/38$ on top and bottom of the cabinet

Additional equipment:

- weld trays
- adaptors
- pigtails
