Manufacturer: EXTRALINK

Referention number: DNXGGIOJGRMMGI

Product features

Regulatory Approvals	RoHS CE FCC WEEE MSDS UN38.3
Antenna type	Internal
LED indicators	Operation
Sensor type	CMOS
Minimum illumination	0.01 lx
Effective sensor resolution	2 pixels
Connectivity technology	Wireless
Maximum resolution	1920 pixels
Audio system full duplex	Yes
Mounting kit	Yes
Cables included	Micro-USB
White balance	Indoor
Audio system	2-way
Frame rate	30 frames per second
Power consumption (max)	2.2 W
Mounting brackets included	Yes
Night mode	Yes
Package weight	400 g
Power consumption (typical)	0.88 W
Management software	VicoHome

Networking standards	IEEE 802.11b
Fog proof	Yes
Battery included	Yes
Number of cameras	1
Camera pixel size	2 um
Smartphone/tablet remote support	Yes
Number of lenses	1
IFU / User manual	Yes
Maximum operating distance	30 m
Weatherproof	Yes
Energy usage	220 mA
Video motion detection	Yes
Country of origin	China
Plug and Play	Yes
Built-in light	No
Package depth	80 mm
Package height	191 mm
Package width	80 mm
Package type	Box
Wide Dynamic Range (WDR)	No
Reset button	Yes
Supported graphics resolutions	1920 x 1080 (HD 1080)
Shipping (inner) case width	420 mm
Shipping (inner) case length	400 mm
Shipping (inner) case height	255 mm
Firmware upgradeable	Yes
Smart IR	Yes
PTZ control	No
Screws included	Yes
Card reader integrated	Yes
Lens viewing angle, diagonal	110 °
Total megapixels	2 MP
Lens viewing angle, vertical	55 °
Auto-tracking	No
Lens viewing angle, horizontal	95 °
Maximum memory card size	128 GB
Video recording	Yes
Compatible memory cards	MicroSD (TransFlash)
International Protection (IP) code	IP65
Remote viewing	Yes
Day/night mode	Yes
Infrared (IR) cut-off filter	Yes
Wi-Fi standards	802.11b
People counting function	No
Wi-Fi	Yes
Thermal module	No
Preset points	No
Bluetooth	No

Tour recording	No
Ethernet LAN	No
AC input voltage	5 V
Built-in speaker(s)	Yes
Auto patrol mode	No
Auto pan mode	No
Number of sensors	1
SIM card slot	No
Built-in HDD	No
Microphone in	Yes
Supported video modes	1080p
Power source type	USB
Camera tilt control	No
Camera pan control	No
Camera shutter type	Electronic
Product colour	Black
Mounting hardware type	Ceiling/Wall/Pole
Watch case material	Plastic
Type	IP security camera
Designation	Indoor & outdoor

Full product description

Intelligent wireless camera with built-in rechargeable battery from Extralink

Extralink presents a new product in wireless camera line - **Extralink Protector**. It is fully wireless camera with **built-in rechargeable battery of 5200 mAh capacity**. **Full HD 1080p** resolution sensor, two-way intercom, weather resistance **IP 65**, [mobile application in Polish language](#) and functions based on artificial intelligence - all these and many other advantages make the **Extralink Protector** a useful and feature-rich component of a monitoring system that will guard your home or business.

Key features of the Extralink Protector

- Motion detection
- Waterproof and dustproof to IP65
- WiFi 2.4GHz wireless connectivity
- Night mode
- 1080p image resolution
- Two-way Intercom
- Built-in 5200mAh battery
- AI features
- Notifications and alerts in the mobile app
- Store video in the cloud or on a memory card

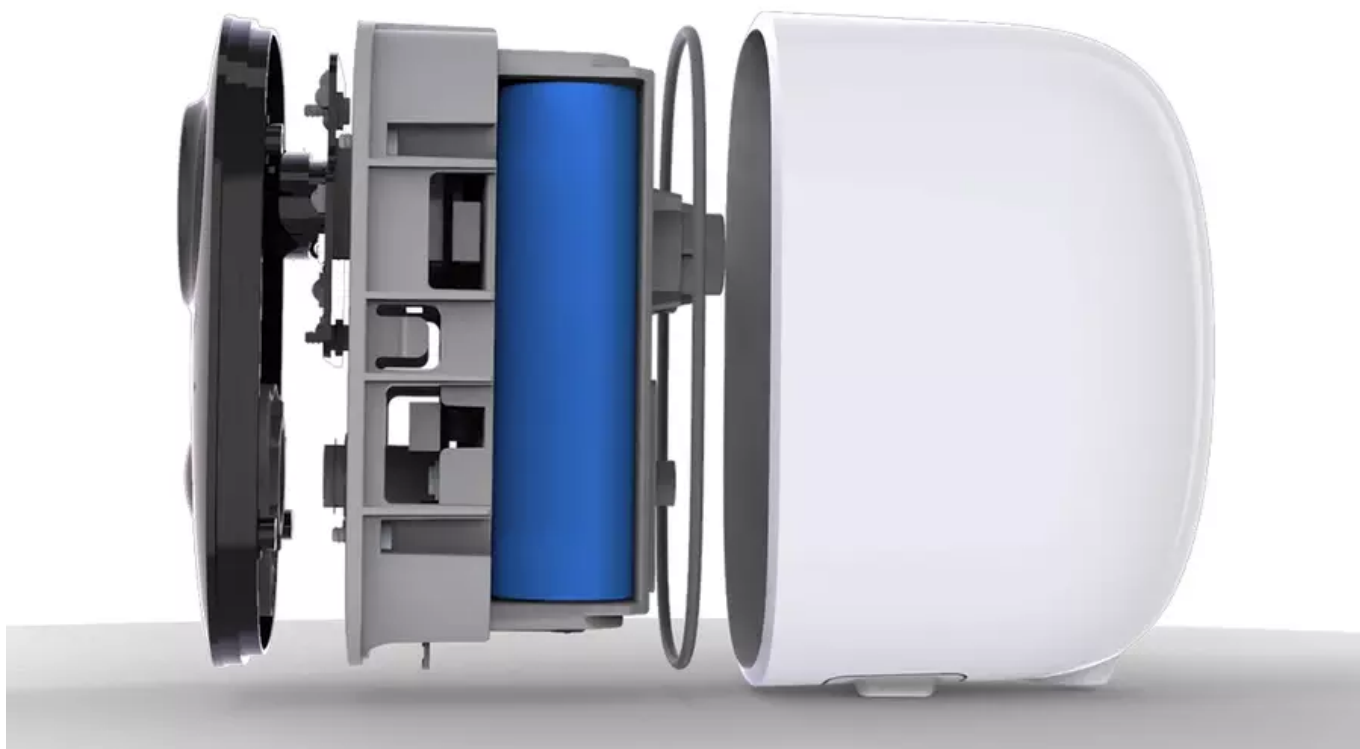

Hassle-free and easy installation

With **the built-in battery**, no power cords are required. Installation is easy and hassle-free. By eliminating power constraints, it can be placed anywhere.

Long battery life - Extralink Protector is always on guard

The **Extralink Protector** 's built-in **5200 mAh** lithium battery exceeds the standards of similar products. Charging for 10 hours allows it to **operate for up to 6 months**.

1080p Full HD image sensor for rich image detail

A powerful **1/2.9" 1080P Full HD CMOS** sensor along with a wide-angle lens ensures precise image reproduction and captures every detail.

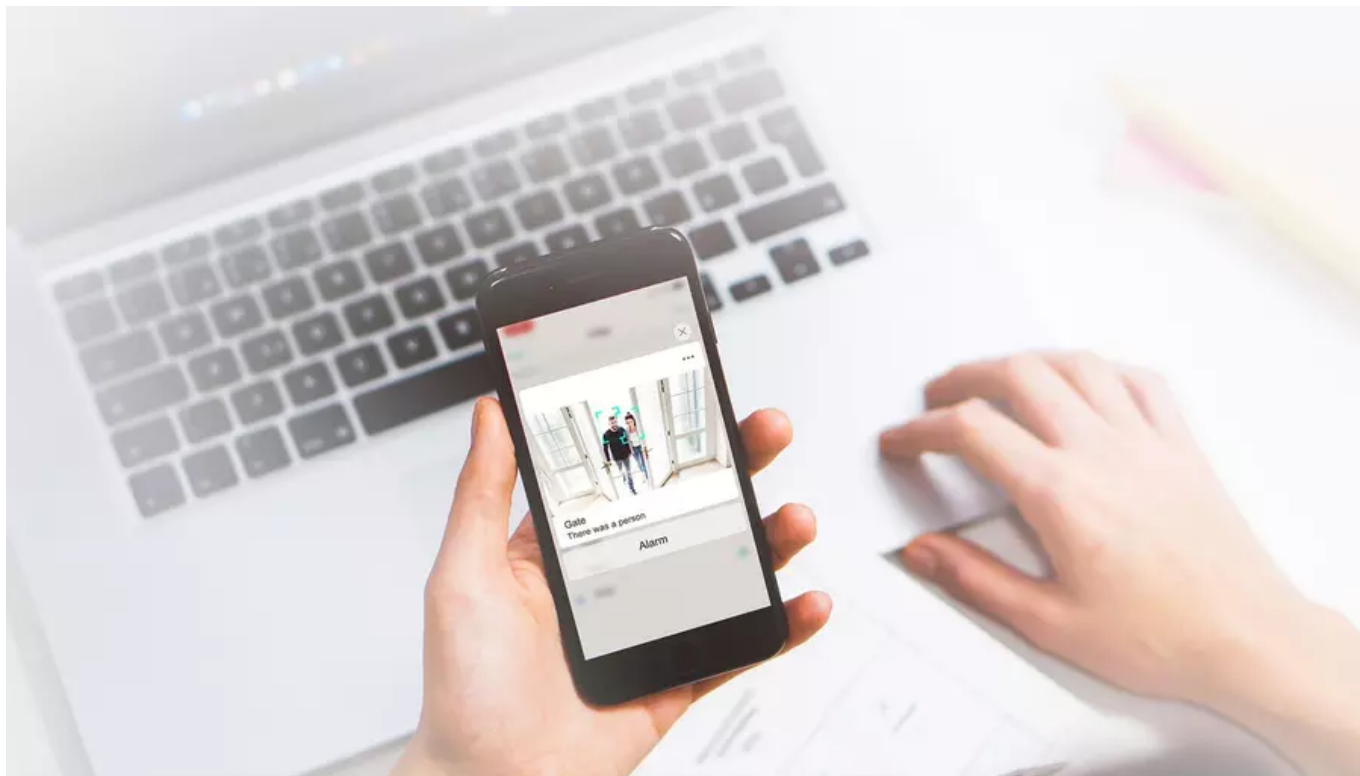

Night surveillance in HD

The **Extralink Protector** camera with infrared LEDs allows night vision up to **5-7 meters** away. The image remains exceptionally clear, even in **complete darkness**.

Control via app

See what's happening around your home using [mobile application for smartphones and tablets in Polish language](#). No matter where you are, the app will provide you with easy access to the live stream from the **Extralink Protector**, saved recordings as well as two-way audio.

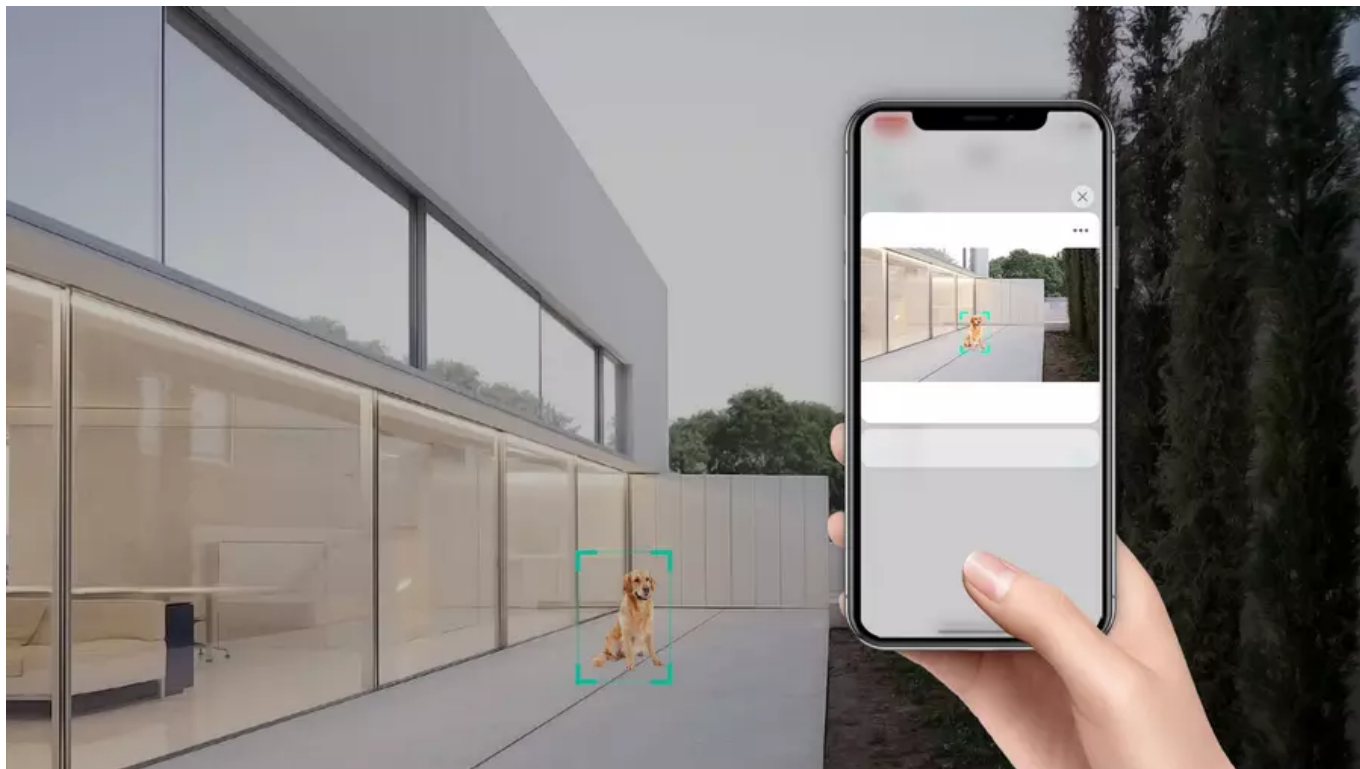

Activity Zones

Precisely draw customized activity zones in the mobile app. Irrelevant information outside this area will be filtered out.

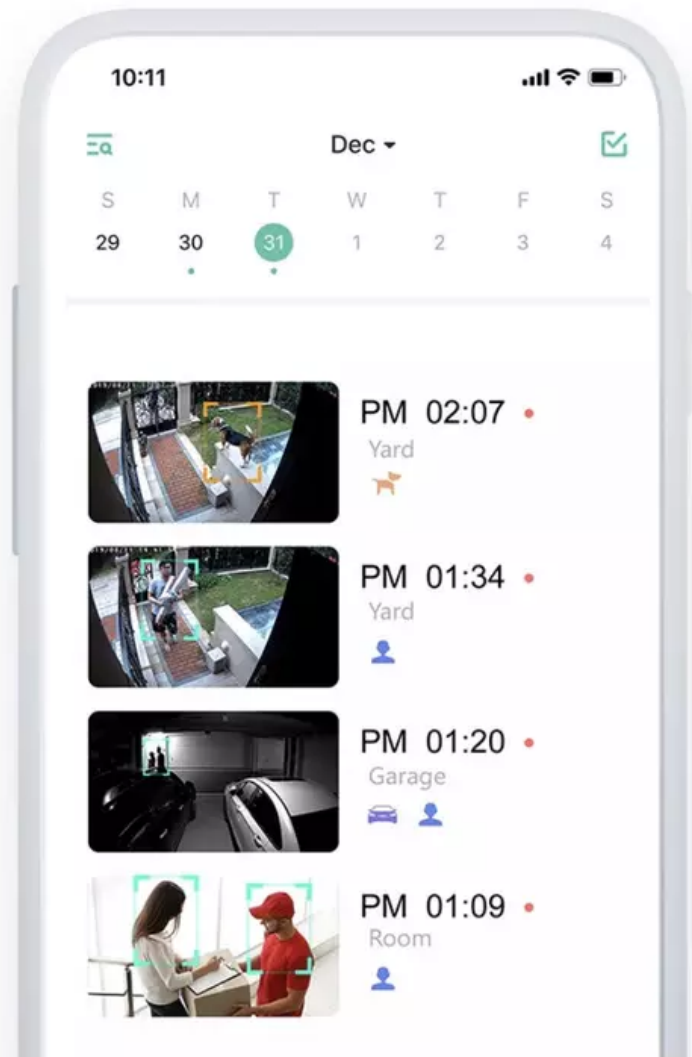

Motion detection with cloud-based intelligence

The **Extralink Protector** 's motion sensor activates the camera, real-time analytics take place in the cloud, and **notifications** are instantly sent to the **app on your smartphone**.

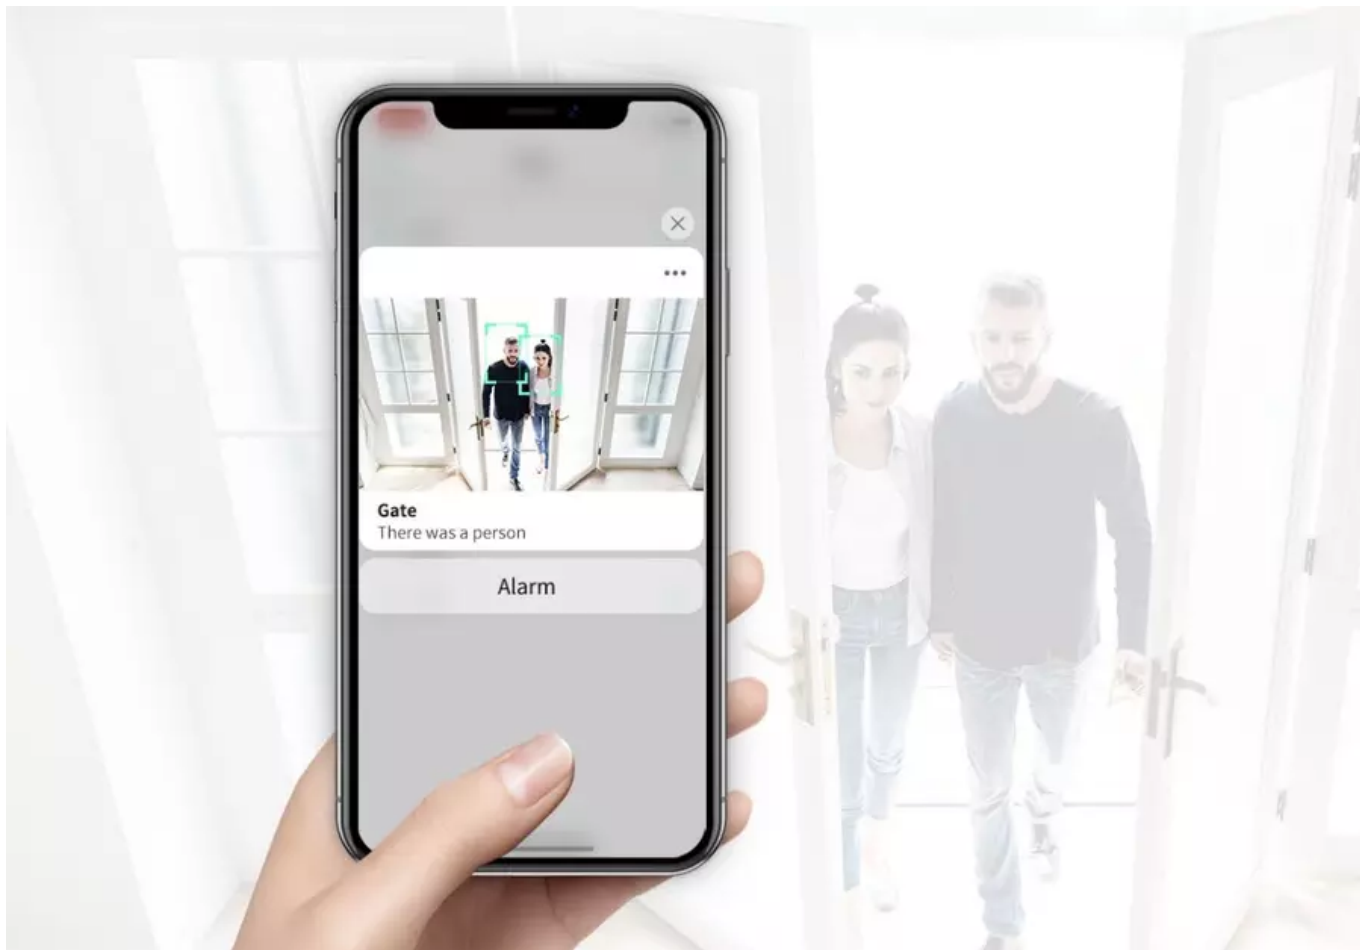

Advanced AI technology. Object recognition and behavior analysis.

Artificial intelligence recognition and analysis algorithms distinguish between people, vehicles and pets by analyzing the movement of objects in detail. **Notifications** are instantly sent to the **app**, keeping you informed of what's happening, no matter where you are.

Smart notifications

Set a target category in the app, and the **AI cloud** system will send notifications only when targets are detected. No more unnecessary notifications.

Two-way audio for live communication

With its built-in waterproof and dustproof microphone and Hi-Fi speaker, the **Extralink Protector** camera enables remote communication whenever you need it.

Easily share with family and friends

Monitoring access can be shared via a mobile app. Family and friends can **scan a code** to quickly and easily access the camera.
