MERCUSYS[®]

Manufacturer: MERCUSYS

Referention number: DNXGGIMNMRMMNK

Product features

Storage relative humidity (H-H)	5 - 90%
Height	88 mm
Antenna type	Internal
Firewall security	SPI Firewall
Width	88 mm
Depth	88 mm
Security algorithms	WPA2-PSK
Point-to-point protocol over Ethernet (PPPoE)	Yes
Humidity measurement range	10 - 90%
Harmonized System (HS) code	85171800
Supported network protocols (IPv6)	Y
Dynamic IP	Yes
Networking standards	IEEE 802.11a
Ethernet LAN (RJ-45) ports	2
Ethernet cable	Yes
DC-in jack	Yes
Operating temperature (T-T)	0 - 40 °C
AC adapter included	Yes
Static IP	Yes
Reset button	Yes
Parental control features	Content filter
Wi-Fi band	Dual-band (2.4 GHz / 5 GHz)

Parental control	Yes
Wi-Fi standards	802.11a
Top Wi-Fi standard	Wi-Fi 5 (802.11ac)
Product colour	White
Guest access	Yes
WLAN data transfer rate (first band)	400 Mb/s
WLAN data transfer rate (second band)	867 Mb/s
DHCP client	Yes
DHCP server	Yes

Full product description

Halo H30G - WiFi for the whole home

Using **advanced Mesh technology**, Halo devices work together to form a single home network with one WiFi name and password.

Seamless Roaming

Automatically switch between Halo devices as you move around your home, always **getting the best signal** and enjoying **the fastest connection** for all your devices.

WiFi in every corner of your home

There's nothing worse than unreliable connections and internet speeds that can't keep up with your digital lifestyle. Halo works as a **unified system to guarantee a strong WiFi signal** in every corner of your home, providing incredibly fast and stable network access. Cover **up to 2,800 sq ft** with a fast WiFi signal, eliminating WiFi dead zones in your home.

The Halo H30G provides a **fast and stable connection to up to 100 devices at speeds up to 1,300 Mbps** and works with major Internet Service Providers (ISPs) and modems.

Gigabit ports

No need to differentiate between LAN/WAN ports with **WAN/LAN auto-sensing technology**. The **Halo H30G** takes full advantage of your ISP's Internet access and transmits data to wired devices at lightning-fast speeds, delivering superior performance with fully gigabit ports that are **10 times faster** than Ethernet ports. **2 Gigabit ports** per Halo unit for lightning fast wired connections.
