Full product description

AC1200 mesh Wi-Fi system for the whole home

- One Unified Network - Using **advanced Mesh technology**, Halo S12 devices work together to create one unified home network with one Wi-Fi name and password.
- Seamless Roaming - Automatically switch between Halos as you move around your home, always getting **the best signal** and enjoying

the fastest connections for all your devices.

- Whole House Coverage - Cover **up to 320 m²** with high-speed Wi-Fi, eliminating Wi-Fi dead zones in your home.
- Fast Wi-Fi - Halo S12 provides a fast and stable connection at speeds **up to 1167 Mbps** and works with most Internet Service Providers (ISPs) and modems.
- Ultra High Performance - Enjoy **lag-free** and non-stop entertainment on all your devices simultaneously.

*Note that the Halo H and S series cannot work together.

Wi-Fi for the whole house

Halo S12 works as a unified system to guarantee a strong Wi-Fi signal in **every corner of your home**. Mercusys Mesh technology provides an incredibly fast and stable network experience as you walk around your home. Interruptions and buffering will be a thing of the past.

Halo S12 is compatible with Halo S3 and Halo S12 to form a Mesh network. **Extend** the reach of your Wi-Fi Mesh network at any time by adding more Halos.

Use on all devices and enjoy without interruption

With **802.11ac wireless technology**, the network runs **three times faster** than previous generation routers, allowing Halo to deliver connectivity and maximum performance to your phones, computers, tablets, smart homes and other IoT devices.
