MERCUSYS[®]

Manufacturer: MERCUSYS

Referention number: DNXGGKKRIRMMMO

Product features

Height	112 mm
Antenna type	External
LED indicators	Yes
Width	84.7 mm
Depth	76.3 mm
Security algorithms	WPA
Compliance certificates	RoHS
Power consumption (typical)	12 W
Humidity measurement range	10 - 90%
Data transfer rate	1900 Mb/s
Quick start guide	Yes
Networking standards	IEEE 802.11a
Ethernet LAN (RJ-45) ports	1
Wi-Fi data rate (max)	1900 Mbit/s
Operating temperature (T-T)	0 - 40 °C
Cabling technology	10/100/1000Base-T(X)
Package type	Box
Reset button	Yes
WPS push button	Yes
Wi-Fi band	Dual-band (2.4 GHz / 5 GHz)
Wi-Fi standards	802.11a
Wi-Fi	Yes

Antennas quantity	4
Product colour	White
Type	Network repeater
Sustainability compliance	Yes

Full product description

Mercusys ME50G

The **Mercusys ME50** is a powerful and reliable dual-band WiFi signal booster with AC1900 speeds and 1000Mbps data transfer. The device also features **four external antennas** to ensure maximum coverage and range. This makes it ideal for larger homes or businesses that require a stronger signal in multiple rooms or areas.

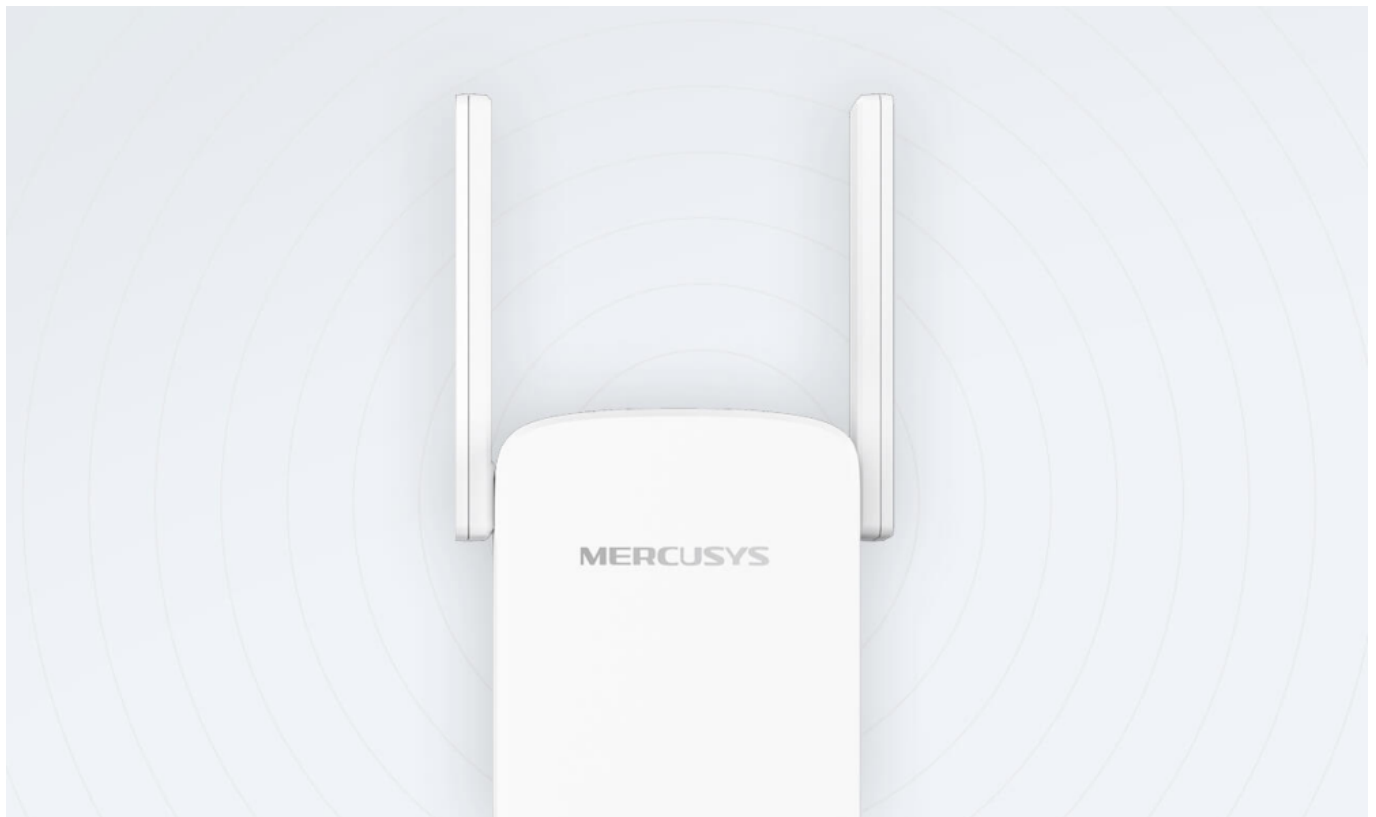

Wi-Fi where you need it

With the addition of a Wi-Fi signal booster equipped with **four adjustable antennas**, the network coverage problem can be solved and no area will suffer from a weakened Wi-Fi signal. The **Mercusys ME50G** offers speeds of up to 600 Mbps in the 2.4 GHz band and 1300 Mbps in the 5 GHz band; making it suitable for watching 4K multimedia or playing games online.

Advanced features

The device has advanced features such as adaptive route selection and high speed mode. **The first feature** helps determine the optimal channel and range for data transmission, allowing fast Wi-Fi access from any corner of the house. **The second** - allows you to use one frequency band for Wi-Fi sharing, while the other band is used to interact with the router, improving network performance.

Hotspot mode and application

The ME50G not only boosts Wi-Fi coverage, but can also become a **dual-band hotspot** with an Ethernet cable connected to it. With the **MERCUSYS app**, you can easily set up your network in minutes using your Android or iOS device, even when you're away from home - just

follow the on-screen instructions.
