Full product description

MS105 switch - 5 10/100 Mbps ports

The **MS105** switch is a 5-port version of the Mercusys switch. The MS105 can be used in **family homes, apartments** and **small businesses**. With the Mercusys switch, you can **expand your wired network quickly**. It is **compatible with many devices** including: computers, printers and IP cameras.

Convenience combined with performance

With **Plug and play** you don't have to worry about any additional configuration. **MS105** can provide up to **1Gb/s**. All thanks to the **MAC Address Learning Technology** system and the equipment with **half duplex/full duplex**. With these features we can be sure that the device will provide us with **stable connection for a long time**.

Elegance and functionality

MS105 size is like a credit card. You can place it anywhere in your home or office - **thanks to its design we save a lot of space**. The device is **fanless**, so it works quietly even after many hours of use.
