Price: **5.99 zł** gross / 4.87 zł net

Manufacturer: EXTRALINK

Referention number: DNXEFIIJRMLNK

Information:

Extralink SC/UPC Fast Connector is a fast fibre optic connector designed for FTTH networks. It enables efficient termination of optical cables, quick cross-connections, and repair of damaged cables at various points in the network. It is characterised by low attenuation, not exceeding 0.3 dB, which ensures a stable and efficient connection. The connector can be used not only in FTTH installations, but also in all optical networks requiring a UPC-type connector. This is a practical solution for the quick, reliable installation and servicing of fibre optic systems.

Product features

Connector type	SC/UPC
Product colour	Black
Connector gender	Male

Full product description

Extralink SC/UPC Fast connector

Extralink SC/UPC Fast connector is a high-speed SC/UPC connector for FTTH. It is used to close optical cables and **fast cross-connection**, cable repair, various switching nodes in FTTH networks. The attenuation obtained **does not exceed 0.3 dB**. In addition to FTTH networks, these connectors can be used in all optical networks where **UPC type** connector is required.
