### Information:

MikroTik RB941-2nD hAP lite is a compact router and access point designed for home or small office use. It offers 2.4 GHz Wi-Fi, four Fast Ethernet ports, and an efficient 650 MHz processor with 32 MB of RAM. Thanks to the WPS button, you can easily connect it to an existing network, and support for cAP mode and CAPsMAN allows it to operate within a centrally managed infrastructure. RouterOS with an L4 licence provides features such as a firewall, user access control, and bandwidth shaping. A USB power supply is included in the set.
