Price: **63.57 zł** gross / 51.68 zł net

Manufacturer: MIKROTIK

Referention number: DNXGFMOPERMMLH

Product features

Height	34 mm
Antenna type	Omni-directional antenna
Width	129 mm
Depth	129 mm
Harmonized System (HS) code	85177100
Antenna gain level (max)	5 gain
Operating temperature (T-T)	-40 - 70 °C
Antenna connector type	SMA
Connector gender	Female/Female

Full product description

Powerful LTE antenna with 2 SMA connectors

Antenna mANT LTE is an omnidirectional antenna specially designed for LTE frequencies. It is an excellent addition to our LTE devices such as wAP LTE and LtAP. The antenna has **a 5 dBi** amplification, which improves the connection quality in areas with insufficient LTE network coverage, allowing for **increased connection speed**.

Elegant design

The housing of the device is a flat design for easy installation, but the antenna itself is **omnidirectional** and does not have to be accurately aimed, which allows for simple installation. The device is compatible with the **699MHz - 2.7 GHz** frequency range.
