Price: **743.50 zł** gross / 604.47 zł net

Manufacturer: MIKROTIK

Referention number: DNXEENKUEKOL

Product features

Width	700 mm
Depth	450 mm
Harmonized System (HS) code	85177100
Power handling	100 W
Antenna gain level (max)	30 gain
Impedance	50 Ω
Product colour	White
Voltage Standing Wave Ratio (VSWR)	1.8
Vertical beam width	2.5 °
Polarization	Dual polarization
Antenna connector type	RP-SMA
Designation	Outdoor
Product weight	5700 g

Full product description

MicroTik mANT30 PA

Mikrotik MTAD-5G-30D3-PA is a professional dual antenna with a frequency **5 GHz** and gain **30dBi**, built to the highest industrial standards. It is designed to create radio bridges, point-to-point connections. Built to accommodate Basebox products without any problems, but thanks to the appropriate length of the included **FlexGuide** cable, it can be used for any wireless pole-mounted device.

The antenna is available with a standard mount for easy installation and setting.

The most important features:

- Dual polarity (2x2 MIMO): horizontal and vertical
- Wide frequency range
- RP-SMA connectors (with plug, outside thread)
- Dish with a diameter of 70 cm
- Operation in the 5 GHz band
- Gain 30 dBi
