Price: **224.91 zł** gross / 182.85 zł net

Manufacturer: MIKROTIK

Referention number: DNXFMPNKHMMNQ

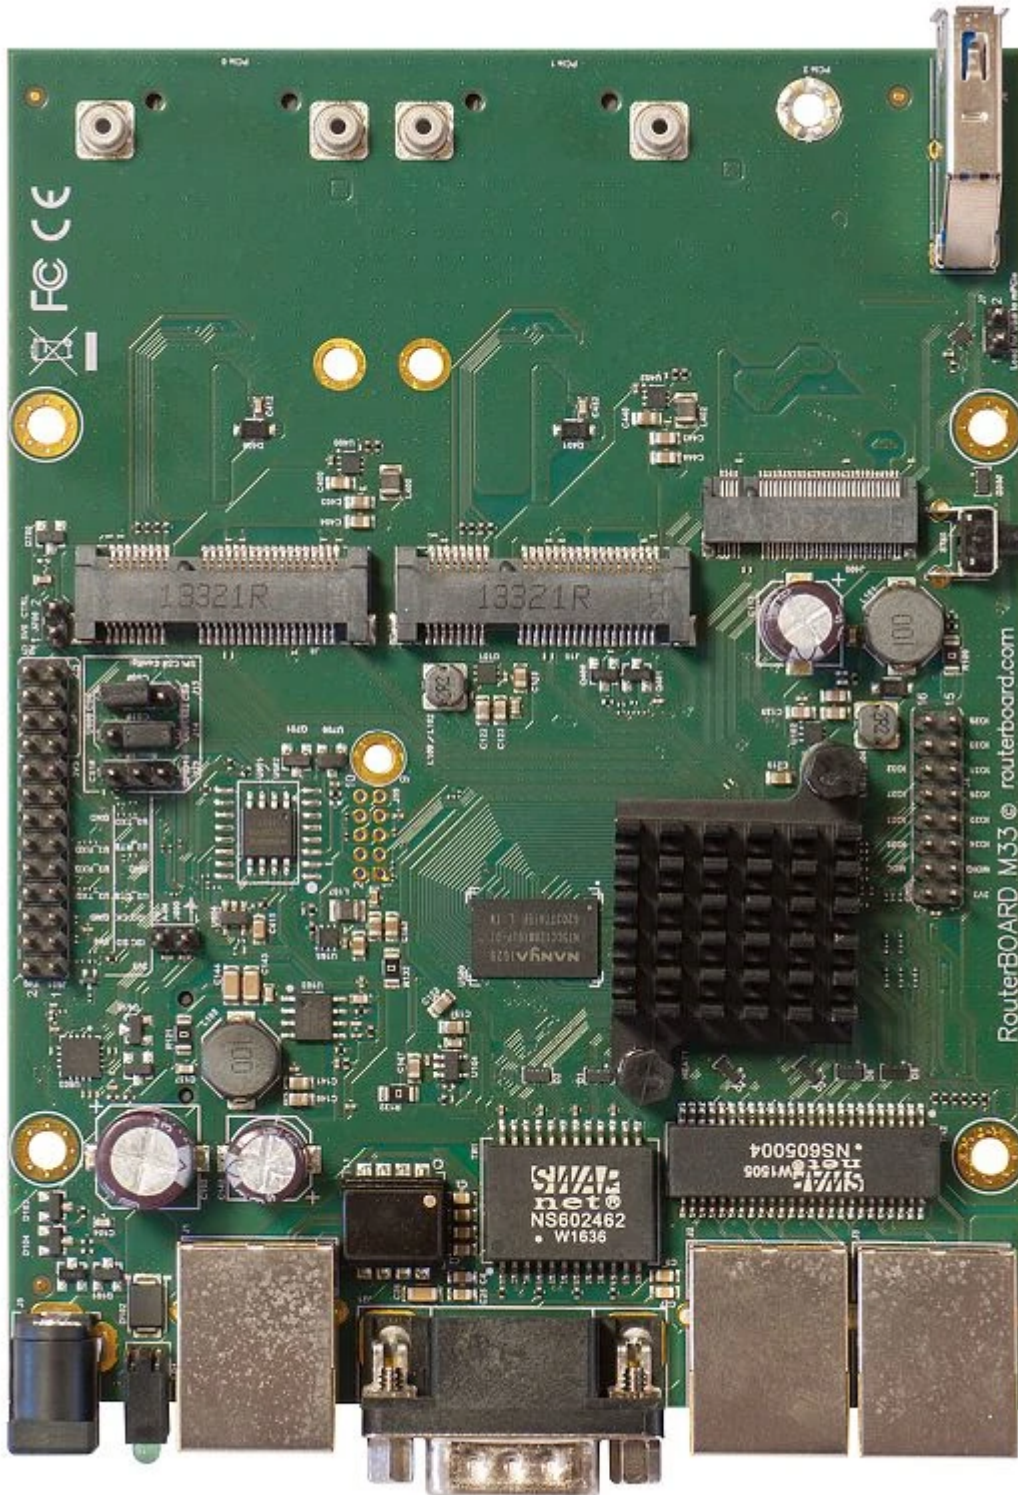

Product features

USB ports quantity	1
Harmonized System (HS) code	85176990
Ethernet LAN (RJ-45) ports	3
Flash memory	16 MB
DC-in jack	Yes
Operating temperature (T-T)	-40 to 70 °C
RS-232 ports	1
Processor frequency	880 MHz
Internal memory	256 MB
Number of threads	4
Ethernet LAN	Yes
SIM card slot	Yes
Processor cores	2
USB version	3.2 Gen 1 (3.1 Gen 1)
Processor model	MediaTek MT7621A
Power source type	PoE
Built-in processor	Yes
Storage media	Flash
Product colour	Black

Full product description

Modular device

RBM33G is a fully functional **RouterBOARD** device, ideal for use in its own housing or for custom solutions. It uses the same PCB shape factor and the same mounting holes as its predecessors (RB433 and RB953 series). The included **USB 2.0/3.0** port can be used for both **3G/LTE** modem and external hard drive. To extend the storage, **microSD** and **PCIe M.2** slots are available.

High performance of the device

RBM33G has a new **double-core processor** running on **880 MHz** and **256 MB of DDR3 RAM** and **three gigabit Ethernet ports**. It is specially designed for configurations requiring two **3G/LTE** modems. You can use for example - Two 3G/LTE miniPCIe modems for multiple mobile connections - One miniPCIe modem and one 3G/LTE USB modem coming out of another miniPCIe slot for 802.11 wireless card
