Price: **10.77 zł** gross / 8.76 zł net

Manufacturer: MIKROTIK

Referention number: DNXEDLIUEKLLK

Product features

Harmonized System (HS) code	85044090
Ethernet LAN (RJ-45) ports	1
Power over Ethernet (PoE)	Yes
Power over Ethernet (PoE) voltage	28 V

Full product description

MicroTik RBPOE PoE Injector

MikroTik RBPOE is a passive PoE injector equipped with one fast Ethernet port (10/100 Mb/s). It is used to power the devices via Ethernet cable. The product complements MikroTik's high quality power supplies, which are characterized by innovative solutions. It supports voltage in the range of 10 - 28 V DC and uses passive PoE. When using RouterBOARDS, which supports 10-28V PoE, the input must have a voltage of at least 18V to accommodate cable losses.
