Price: **220.17 zł** gross / 179.00 zł net

Manufacturer: MIKROTIK

Referention number: DNXFMNOPGRMNGM

Product features

CD-ROM interface type	SFP+
Maximum data transfer rate	10000 Mb/s
Harmonized System (HS) code	85369010
Ethernet LAN (RJ-45) ports	1
Fiber optic connector	SFP+
Product colour	Metallic
Maximum transfer distance	200 m

Full product description

SFP+ MikroTik S+RJ10 high-speed module

MikroTik S+RJ10 is a unique SFP+ RJ45 insert offering a range of possibilities for high-speed connections. It guarantees transmission speed **up to 10 Gbps**, which is more than the usual twisted-pair cable in available products equipped with SFP+ ports. Any MikroTik device with active cooling and SFP+ ports can now be used without installing any fiber optic cable, simply connect the S+RJ10 and the network will reach up to 10 Gbps, making it ready for the next generation of SFP+ RJ45 equipment. **MikroTik SFP+ RJ45** is also supported on devices with passive cooling, but may require additional cooling. The SFP+ RJ45 insert has a range of **to 200 m**.

Special features

- Module based on Marvell 88X3310P
- Maximum power consumption 2.4 W (10 G BASE-T, 30 m connection)
- Compatible only with SFP+ ports
- Transmission speed up to 10 Gbps (over 30 m)
- Range up to 200 m
