Price: **15.93 zł** gross / 12.95 zł net

Manufacturer: MIKROTIK

Referention number: DNXXGIPKFRMMGO

Product features

Height	25 mm
Antenna type	Omni-directional antenna
Width	25 mm
Depth	550 mm
Antenna gain level (max)	8 gain
Impedance	50 Ω
Horizontal beam width	360 °
Vertical beam width	18 °
Antenna connector type	SMA
Product weight	600 g

Full product description

2.4 GHz 8 dBi omnidirectional antenna for wAP LR2

Do you work with **wAP LR2** or similar sets? To get additional network coverage (up to 3-4 km in line of sight), we suggest adding an external **8dBi** omnidirectional antenna - **TOF-2400-8V-4**. This antenna can be used with any 2.4 GHz device if needed. **It not only works with 2.4 GHz LoRa® connectivity, but also supports regular 2.4 GHz WLAN.**

It comes with a 1m SMA cable and a mechanical bracket for quick and easy mast mounting - when you need extra network coverage. Compact size and increased strength without sacrificing power - this antenna will get the job done.
