Price: **1,029.08 zł** gross / 836.65 zł net

Manufacturer: MIKROTIK

Referention number: DNXGFMNSFRMMNN

Product features

Height	222 mm
Input voltage	12 V
Power consumption (max)	5 W
Harmonized System (HS) code	85177100
Networking standards	IEEE 802.11ad
Flash memory	16 MB
Maximum operating distance	1500 m
Operating temperature (T-T)	-40 - 70 °C
Cabling technology	10/100/1000Base-T(X)
Frequency band	60 GHz
Processor frequency	716 MHz
Internal memory	256 MB
Power source type	PoE
Built-in processor	Yes
Product colour	White
Diameter	391 mm

Full product description

MikroTik Wireless Wire Dish.

Wireless wire dish is a groundbreaking solution offering fibre-like speed and quality over distances up to 1500 m at a low price! This amazing kit creates a secure, AES encrypted radio link in the 60 GHz band, which is not affected by the overflowing Wi-Fi spectrum, offering a stable and fast connection for distances of 1500 meters or more. Devices are already preconfigured to connect automatically and make a combined 1.8Gbps connection. The box contains two LHGG-60ad devices that are already paired, power supplies, PoE injectors and mounting kits for both

devices. Need help selecting network equipment or technical support? Please contact us. In our shop you will also find: cables, pigtails, adapters, fiber optic welders, patch panels, access points, wifi routers, sfp modules, racks, ip cameras, cpe client devices, media converters, mounting brackets, power strips, poe adapters or e.g. extraction brackets.

Features:

- a set consisting of 2 LHGG-60ADs
- operation in the 60 GHz band
- throughput up to 1 Gb/s
- transmission range up to 1500 meters
- RouterOS Level 3
- compatibility with 802.11ad standard
