Price: **132.10 zł** gross / 107.40 zł net

Manufacturer: MIKROTIK

Referention number: DNXGGJLJKRMMIJ

Product features

Data transfer rate	100 Gb/s
Cable length	1 m
Product colour	Black
InfiniBand protocol	Yes
Connector gender	Male/Male

Full product description

Kabek XQ DA0001

MikroTik XQ DA0001 direct-connect cable has built-in QSFP28 modules. The optical modules are used for high-speed (100Gbps) data exchange. The length of the cable is one meter, which should be sufficient for most installations. The **XQ DA0001** cable is quite flexible - you can keep your devices separate or one on top of the other.
