Full product description

Wireless freedom in your car

Turn ordinary driving into a convenient experience with MOJIEU's wireless CarPlay and Android Auto adapter. This small device lets you forgo wires and use your phone's features through your car's factory screen. You only need to plug in the adapter once, and then **it connects automatically** every time you start the vehicle. This gives you **full Android Auto and Apple CarPlay support** without cables, quick access to music, maps and apps.

CarPlay and Android Auto wireless adapter

Turn **your wired system into a wireless** CarPlay and Android Auto **adapter** that works seamlessly and without lag. When you first plug it in, the adapter will automatically connect to your smartphone **every time you start your car**. The CarPlay and Android wireless adapter is a solution that allows you to enjoy the full user experience without having to plug in your phone every time.

Stable connection and smooth operation

Equipped with **Bluetooth 5.0** technology and **WiFi 2.4 GHz network**

Plug support

The device operates in **Plug mode**

Compatibility and versatility

The MOJIEU M2 adapter is compatible with most **GM** (General Motors) vehicles that have the factory CarPlay or Android Auto system. The device works with both **iOS** and **Android** phones, allowing it to support both iPhones and Android smartphones. Thanks to its wide compatibility, it can be easily connected to different car models without additional accessories.

Compact design and durable construction

The adapter is made of a combination of **aluminum** and **PC** (Polycarbonate), which guarantees resistance to damage and long life. Its **compact size** (19 × 19 × 4.8 mm) means that it does not take up space in the console, and its minimalist design fits into any car interior. It's a sturdy but lightweight **car device** that you can carry with you at all times.
