Manufacturer: MOMCOZY

Referention number: DNXGJOIRRMMPJ

Information:

MOMCOZY Baby Carrier is a lightweight, ergonomic carrier for babies and small children, designed for use from around 3 months of age up to 20 kg. Thanks to 3-stage adjustment, it grows with the child and supports the healthy "M" position, promoting the proper development of the hips and spine. Padded leg openings, a foldable neck support and the option of carrying facing the parent, on the hip or facing outwards ensure comfort and safety. Lumbar support, adjustable straps and the X-shaped design relieve the parent's back. Breathable, durable materials and a minimalist design make it a practical choice for everyday use, walks and travel.

Full product description

MOMCOZY Baby Carrier - Comfort and Ergonomics

Freedom and convenience for parents

MOMCOZY Baby Carrier is a lightweight and practical carrier for infants and young children, allowing parents to move freely and carry out everyday tasks hands-free. Designed with the parent's comfort and the child's safety in mind, it combines functionality with an elegant, minimalist design that works well both at home and on walks or while travelling.

i praktyczny design

The carrier grows with your child

The carrier "grows" with your child - it can be used from around 3 months of age up to preschool age, supporting a weight from 3.2 to 20 kg. Three-stage adjustment allows the seat to be adapted to the child's size, ensuring an ergonomic "M" position that supports healthy hip and spine development. Padded leg openings improve circulation and the child's comfort while being carried.

Zrównoważony ciężar, ulga w bólu

Support for the parent's back

Thanks to the built-in EVA foam lumbar support and adjustable, padded shoulder and hip straps, the carrier distributes the child's weight evenly, reducing strain on the parent's back. The X-shaped design supports proper posture, minimising the risk of muscle and spine overload, even during long walks.

Bogaty w funkcje

Three carrying positions

MOMCOZY Baby Carrier offers three comfortable carrying positions: facing the parent, on the hip, and forward-facing, so the child can observe their surroundings or feel close to the caregiver. The carrier is equipped with a foldable neck support, padded straps and an adjustable seat, which increases the comfort and safety of the child in every position.

Made from high-quality, breathable materials, the carrier is easy to clean and durable, and its simple, minimalist design means it suits any style. It is a functional and stylish gift for young parents, combining safety, comfort and a modern look, making it ideal for everyday walks as well as travel.
