Manufacturer: MOMCOZY

Referention number: DNXGJOIRMRNIP

Information:

MOMCOZY Baby Carrier is a lightweight, ergonomic baby carrier for infants and young children from around 3 months of age up to 20 kg. It provides comfort for the parent and safety for the child thanks to three-stage adjustment, the "M" position supporting healthy hip and spine development, and padded leg openings. The EVA foam lumbar support, adjustable shoulder and waist straps, and X-shaped construction distribute weight evenly, reducing strain on the back. The option to carry the child facing the parent, on the hip, or facing outwards, breathable materials, and minimalist design make it ideal for use at home, on walks, and while travelling.

Full product description

MOMCOZY Baby Carrier - Comfort and Ergonomics

Freedom and convenience for parents

MOMCOZY Baby Carrier is a lightweight and practical carrier for infants and young children, allowing parents to move freely and carry out everyday tasks hands-free. Designed with the parent's comfort and the child's safety in mind, it combines functionality with an elegant, minimalist design that works well both at home and on walks or while travelling.

Noś go bez wysiłku i samodzielnie

Niezwykle prosta konstrukcja

The carrier grows with your child

The carrier "grows" with your child - it can be used from around 3 months of age up to preschool age, supporting a weight from 3.2 to 20 kg. Three-stage adjustment allows the seat to be adapted to the child's size, ensuring an ergonomic "M" position that supports healthy hip and spine development. Padded leg openings improve circulation and the child's comfort while being carried.

Support for the parent's back

Thanks to the built-in lumbar support made of EVA foam and the adjustable, padded shoulder and hip straps, the carrier distributes the child's weight evenly, reducing strain on the parent's back. The X-shaped construction supports correct posture, minimising the risk of muscle and spine overload, even during long walks.

Three carrying positions

MOMCOZY Baby Carrier offers three comfortable carrying positions: facing the parent, on the hip, and forward-facing, so the child can observe their surroundings or feel close to the caregiver. The carrier is equipped with a foldable neck support, padded straps and an adjustable seat, which increases the comfort and safety of the little one in every position.

Made from high-quality, breathable materials, the carrier is easy to clean and durable, and its simple, minimalist design means it suits any style. It is a functional and stylish gift for young parents, combining safety, comfort and a modern look, making it ideal for everyday walks as well as travel.
