momcozy

Manufacturer: MOMCOZY

Referention number: DNXGGOOOLRMNJ

Information:

Momcozy M5 Double is a convenient and discreet breast pump for mothers who want to express milk quickly and efficiently. It enables simultaneous pumping from both breasts, saving time, while 9 suction levels and 3 operating modes allow the performance to be tailored to individual needs. The maximum suction strength of 270 mmHg supports effective expression, and quiet operation below 50 dB ensures comfort at any time of day or night. The built-in 1200 mAh battery offers up to 120 minutes of use, and fast USB-C charging means the device is always ready to use. The set includes various insert sizes, accessories, and a storage bag.

Full product description

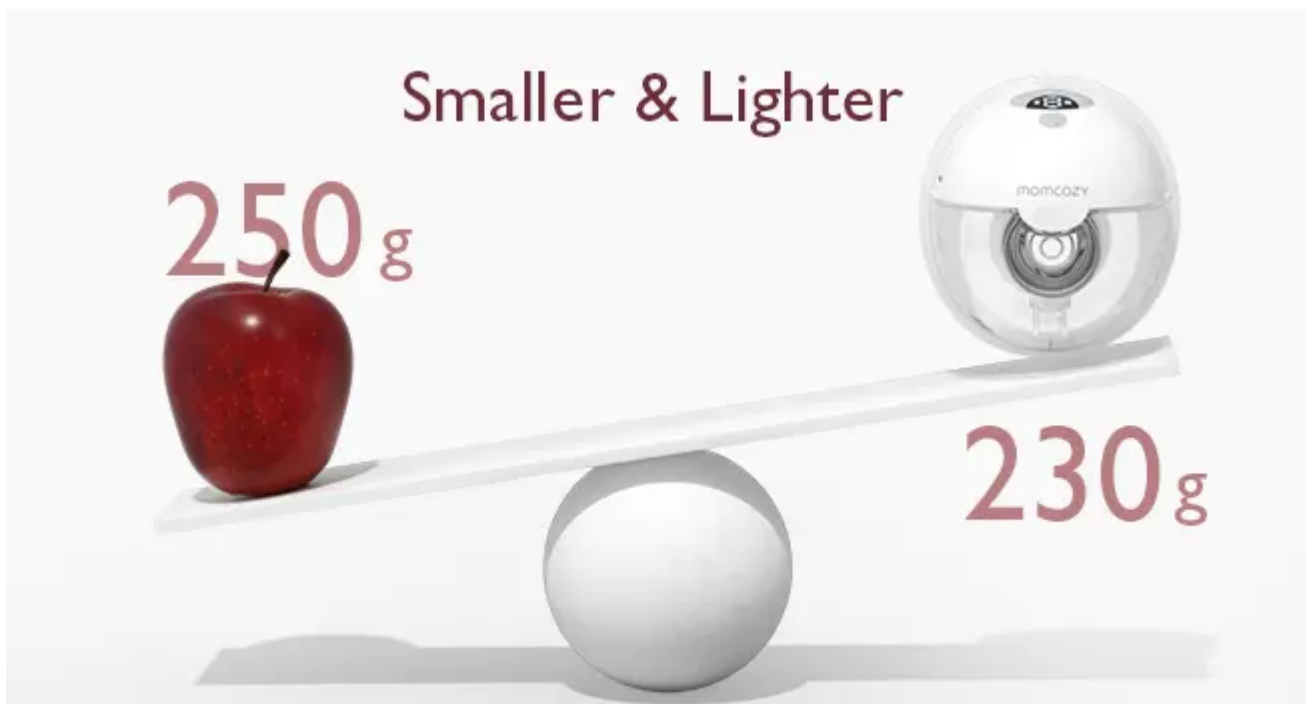

Momcozy M5 Dual Purple breast pump - a convenient aid to daily feeding.

Momcozy M5 Dual breast pump is a device designed for moms who want to **express milk efficiently and quickly**. With **double pumping**, **adjustable suction power** and **quiet operation**, the breast pump provides convenience and discretion in your daily routine. With this breast pump you will gain more time for yourself and your baby without sacrificing efficiency.

Double extraction - saving time

Momcozy M5 Double breast pump allows you to **express milk from both breasts at the same time**, saving you valuable time. Thanks to this feature, the process becomes **faster and more efficient**, which will be especially appreciated by moms who have a busy daily schedule. **Reduced pumping time** allows for better scheduling of duties and provides more time for rest.

Adjustable intensity and modes

The breast pump offers **9 levels of suction** and **3 modes of operation**: stimulation, expression and mixed mode. This allows you to **customize the device to your individual needs**, choosing the most comfortable intensity level depending on the stage of pumping. **The maximum suction force is 270 mmHg**, which allows you to empty your breasts quickly and efficiently.

Silence and discretion

With a **noise of less than 50 dB**, the Momcozy M5 breast pump is extremely **quiet and discreet**. You can use it at any time - without worrying about disturbing your baby's sleep or the noise in your home. This makes expressing milk not only easy, but also **comfortable and quiet**, which is especially important at night.

Long working time and fast charging

The integrated **1200 mAh** battery allows for **120 minutes of** operation on a single charge, which is enough for about **3-4 sessions of** pumping milk. The charging time is only 120 minutes, which means that the breast pump is ready to use in a short time. This means **you can use it at any time of the day** without worrying about frequent charging.
