momcozy

Manufacturer: MOMCOZY

Referention number: DNXXGGOPQERMMOJ

Information:

Momcozy MW03 is a portable, cordless bottle warmer, ideal for home, travel, the office and night-time feeds. Thanks to its built-in battery, it can warm milk up to 6-14 times on a single charge, and fast USB-C charging means it is ready to use again in about 170 minutes. It offers 6 temperature levels from 90°F to 122°F, as well as rapid heating of 4 ounces of milk to 98°F in 2 minutes, while preserving nutritional value. The leak-proof, double-layer design prevents spills, and 5 adapters ensure compatibility with many popular bottles. Easy to clean and convenient for everyday use.

Full product description

Easily and quickly heat milk - at home and on the go

Feeding your baby while traveling can be a challenge, but **the Momcozy MW03 portable bottle warmer** makes it **easier and more convenient**. Thanks to its cordless design, you can heat milk anywhere, anytime, without the need for electricity. **The adjustable temperature and fast heating** allow you to precisely prepare milk in the right conditions, preserving its nutrients.

Portable and wireless - ideal for travel

The Momcozy MW03 is a warmer that **doesn't require a permanent power connection**, making it ideal for travel, the office, walks or overnight feedings. The built-in battery can heat milk up to 6-14 times for 4 ounces on one full charge. **Fast charging via USB-C** ($\geq 15W$ adapter) makes the device ready to use again in just 170 minutes.

Precise temperature control and sealed design

The warmer offers **6 temperature levels ranging from 90°F to 122°F**, so you can adjust the temperature to your baby's preference. A temperature-detecting probe ensures even heating, eliminating the risk of overheating the milk. **The double-layer leak-proof design and two silicone O-rings** prevent leaks, ensuring safe and trouble-free use.

Quick heating and preservation of nutritional value

With **advanced heating technology**, the device heats **4 ounces of milk to 98°F in just 2 minutes**. Accurate and even heat distribution preserves the full nutritional value of breast milk or formula milk. The fast action means that a hungry baby doesn't have to wait long for a meal.

Universal compatibility and easy cleaning

The Momcozy MW03 comes with **5 different adapters** that fit bottle brands such as Dr. Brown, Philips AVENT, Chicco, Medela, Tommee Tippee, Comotomo and Boon. The easy disassembly and waterproof design make **cleaning the unit a snap** - just wipe or rinse it under running water.
