Full product description

Momcozy S9 Pro Single Pink breast pump - convenience and efficiency for the breastfeeding mom.

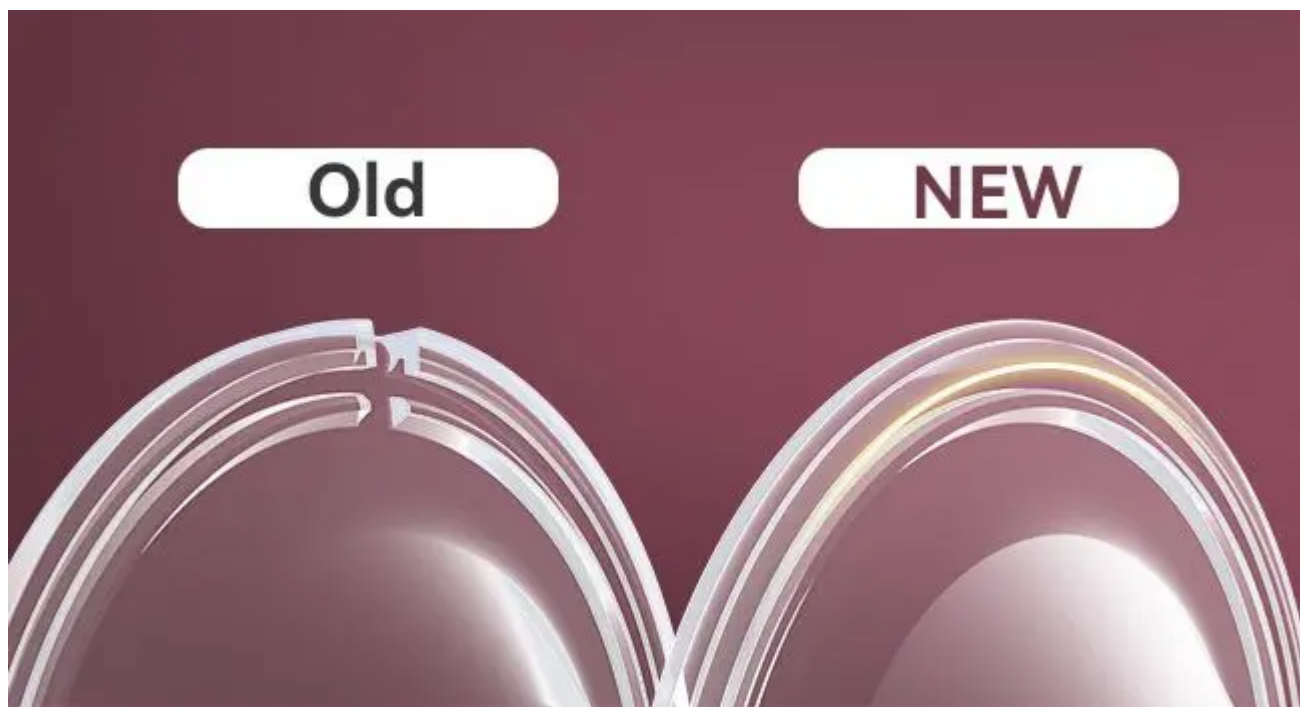

Lactation is an important part of motherhood, so it is worthwhile to ensure **the comfort and efficiency of pumping milk**. The **Momcozy S9 Pro breast** pump is a device that allows you to pump milk comfortably and quietly without the restriction of cables and unnecessary components. **Long battery life, 9 levels of suction and intuitive operation** make it possible for every mom to adjust the breast pump to her needs and feel comfortable both at home and away from home.

Convenient use - compact and wireless

The **Momcozy S9 Pro** breast pump is **lightweight and easy to carry**, so you can pump milk anywhere. With a **built-in 1600 mAh battery**, the breast pump runs for up to **6-8 sessions without recharging**, making it handy for travel and everyday use. With no cables

or separate bottles, you can use it conveniently even while doing other activities.

9 levels of suction and 2 modes - adapt to mom's needs

Every woman has different lactation needs, so **the Momcozy S9 Pro offers 9 adjustable levels of suction power and 2 modes**. The stimulation mode stimulates milk production, while the pumping mode allows for efficient milk collection. **Easy control via the LED screen** allows you to quickly set the right intensity.

Quiet operation - comfortable extraction at any time

The breast pump operates at a **noise level of less than 50 dB**, which makes it possible to use it even at night, without disturbing your baby's sleep. The **automatic shut-off after 30 minutes** protects against over-pumping and allows you to use the device quietly. This allows you to express milk freely without worrying about **using it for too long**.

Safe materials and large bottle capacity

The breast pump is made of **safe materials** - food grade silicone ensures hygiene and no harmful substances. **The bottle with a capacity of 180 ml** allows you to express enough milk without the need for frequent overflow. In addition, **the set includes various accessories** for easy use and storage of breastmilk.
