Price: **270.35 zł** gross / 219.80 zł net

Manufacturer: ORVALDI

Referention number: DNXGGJHMDRMLLM

Product features

Height	142 mm
USB charging port	No
Battery recharge time	4 h
Width	100 mm
Depth	287 mm
UPS topology	Line-Interactive
Output power capacity	0.65 kVA
Battery capacity	7.2 Ah
Battery voltage	12 V
Input frequency	50 Hz
Cold start	Yes
Number of batteries supported	1
Output power	360 W
Product colour	Black
Input operation voltage (max)	240 V
Input operation voltage (min)	220 V
Waveform	Pseudo sine
Product weight	4.25 g

Full product description

Intelligent microprocessor control

The **Orvaldi 650LED** is an advanced UPS in **line-interactive** topology based on full microprocessor control. The **650LED** works with the **latest technology and high efficiency** to deliver power to the protected loads both with mains and battery operation.

This model stands out:

- Economical UPS output voltage shape,
- Very quiet operation during battery mode

Thanks to these features, the versatility of application of this device serves a wide range of switching power supplies (passive PFC) . If we encounter a situation in which there is a break in the supply voltage, it can **immediately provide the energy stored in the batteries** without any interruption. The switching time to battery operation and vice versa is typically carried out within **2 to 4 ms** .
