Full product description

Orvaldi ORV5 1.5m

The ORVALDI Power Filter has a **1.5 meter power cord**, **5 outlets with 210J basic surge suppression**.

The filters belong to a group, basic **surge** and **short circuit protection** for any type of electrical equipment with a convenient automatic fuse and illuminated switch.

If you need this model with USB inputs then look [here](#).

What are the characteristics of this power filter?

- Protection for any type of device against a destructive pulse of **up to 210J energy**;
- Automatic **10A** fuse with **1 nanosecond less** response time;
- Illuminated circuit breaker;
- 1.5 meter power cord
- Molded-in brackets allow you to mount it vertically, horizontally or any other position on the wall
