Full product description

ORVALDI ORV5 3m with USB charger

The ORVALDI power filter has a **3m power cord**, **5 outlets with 210J basic surge suppression** and a 5V 2.1A charger on two USB sockets. The filters belong to the group, basic **surge** and **short-circuit protection** for any type of electrical equipment with a convenient automatic fuse and illuminated switch.

What are the characteristics of this power filter?

- Protection for any type of device against a destructive pulse of **up to 210J energy**;
- Automatic **10A** fuse with **1 nanosecond less** response time;
- Illuminated switch ;
- Two **USB** ports - **5V 2.1A** charger;
- **3 meter** power cord;
- Two specially profiled brackets **allow it to be attached to the wall vertically and horizontally**

, or even any other position.
