Full product description

Orvaldi ORV5 3m

ORVALDI power filter has a **3m power cord, 5 outlets with basic surge suppression 210J**.

The filters belong to a group, basic **surge** and **short** circuit **protection** for any type of electrical equipment with a convenient automatic fuse and illuminated switch.

If you need this model with USB inputs then look [here](#).

What are the characteristics of this power filter?

- Protection for any type of device against a destructive pulse of **up to 210J energy**;
- Automatic **10A** fuse with **1 nanosecond less** response time;
- Illuminated circuit breaker;
- 3 meter power cord
- Molded-in brackets allow you to mount it vertically or horizontally on the wall or any other position
