Full product description

ORVALDI ORV5 5m SURGE PROTECTOR

ORVALDI power filter has a **5m power cord**, **5 outlets with basic surge suppression 210J**.

The filters belong to a group, basic **surge** and **short circuit protection** for any type of electrical equipment with a convenient automatic fuse and illuminated switch.

If you need this model with USB inputs then look [here](#).

What are the characteristics of this power filter?

- Protection for any type of device against a destructive pulse of **up to 210J energy**;
- Automatic **10A** fuse with **1 nanosecond less** response time;
- Illuminated circuit breaker;
- 5 meter power cord;
- Profiled brackets allow you to mount to the wall vertically and horizontally, and even other any position.
