Price: **2,440.42 zł** gross / 1,984.08 zł net

Manufacturer: ORVALDI

Referention number: DNXXGJHMLRMMIO

Product features

Height	220 mm
Width	145 mm
Depth	397 mm
UPS topology	Double-conversion (Online)
Output power capacity	2 kVA
Input frequency	40 Hz
Output power	1800 W
Product colour	Black
Input operation voltage (max)	240 V
Input operation voltage (min)	220 V
Waveform	Pure sine

Full product description

ORVALDI VT2K on-line Tower

This model is ideal for **servers, critical workstations and highly critical devices (used in medicine)**. It is positioned between a slightly weaker [predecessor](#) and a 1.5 times more efficient [successor](#).

The **Orvaldi VT2K on-line Tower** is equipped with the double conversion of the Orvaldi VT on-line power supply series, which guarantees reliable and stable protection for your sensitive devices. It can accept a wider allowable input voltage for harsh environments without using the energy stored in the batteries. It offers us **pure stabilized sine wave output (230V +/- 1%)**. This is protection for your servers and critical loads such as medical devices that will never fail.

What are the characteristics of the ORVALDI VT2K ON-LINE TOWER?

- Features dual voltage conversion (no switching, on-line)
- Equipped with an output power factor of 0.9
- Wide input voltage range (110-300V AC)
- User friendly and easy to use
- ECO Mode
- USB/RS-232 communication available
- Additional: SNMP card and AS400 relay card
