Full product description

Overmax AD-02 Breathalyzer: A Practical and Precise Tool for Drivers and Beyond

The Overmax AD-02 breathalyzer provides a convenient digital breathalyzer with mouthpiece, ideal for any driver. It is not only an excellent tool for conducting sobriety tests before a trip, but also a useful piece of equipment in businesses and for individual users at home. In addition, it offers 4 free calibrations within 24 months, ensuring long-lasting precision measurements.

Best solutions

Overmax AD-02 is equipped with an LCD display for your convenience, so you can read the test result no matter what time of day or night it is. The display is backlit in two colors - red, green. In addition, the breathalyzer has a readiness indicator and warnings when alcohol is detected.

Audio notifications

Equipped with an audible signal to inform of a failed attempt or if the alcohol limit is exceeded.

Accurate measurement

The device's measurement accuracy of up to 0.08‰ and a wide measurement range of 0.00 - 1.50‰ will make you confident of the displayed result.
