Full product description

Keep your home safe with the Overmax Camspot 4.0 PTZ White IP camera

This advanced outdoor IP camera offers [Full HD resolution](#) and a wide viewing angle, so you won't miss a thing. With PTZ and app-based remote control, you can monitor your surroundings wherever you are.

High image quality and wide viewing angle

The Overmax Camspot 4.0 PTZ White camera offers Full HD resolution for clear and detailed images. With **a 3.6mm lens and a 355° viewing angle**, you can monitor large areas without blind spots. The color night mode with visibility up to 40 meters provides **clear images even after dark**.

Advanced features of the outdoor camera

The camera features Intelligent Motion **Detection** and **Human Detect**, which recognizes human silhouette and movement, minimizing false alarms. The auto tracking function automatically tracks moving objects, providing full surveillance of the monitored space. In addition, the camera is equipped with an alarm function that will immediately notify you when it detects disturbing movement.

Wi-Fi connectivity and remote control

The camera connects to a Wi-Fi network, allowing **remote control from the Overmax Control app**. This allows you to monitor your surroundings live, no matter where you are. The camera is also compatible with a power bank, allowing you to power it in places without a permanent power source.
