Full product description

Petcube Bites 2 Lite - Your Best Pet Monitoring Camera

If you're a busy pet owner, the **Petcube Bites 2 Lite** is the perfect surveillance camera to keep an **eye on your pets wherever you are**. Featuring an advanced treat **throwing mechanism** with a 0.68 kg container, you can throw treats a short, medium or long distance, rewarding your pet for good behavior, alleviating his separation anxiety or enriching his training.

Advanced Monitoring Features

Petcube Bites 2 Lite offers **1080p HD** live streaming, a wide **160° viewing angle**, clear **night vision up to 10m** and **8x digital zoom**. This

ensures you'll never miss a moment in your pet's life. **Sound or motion detection alerts** keep you informed of any event at home. You can also talk to your pet with high-quality two-way audio and hear its barking or meowing.

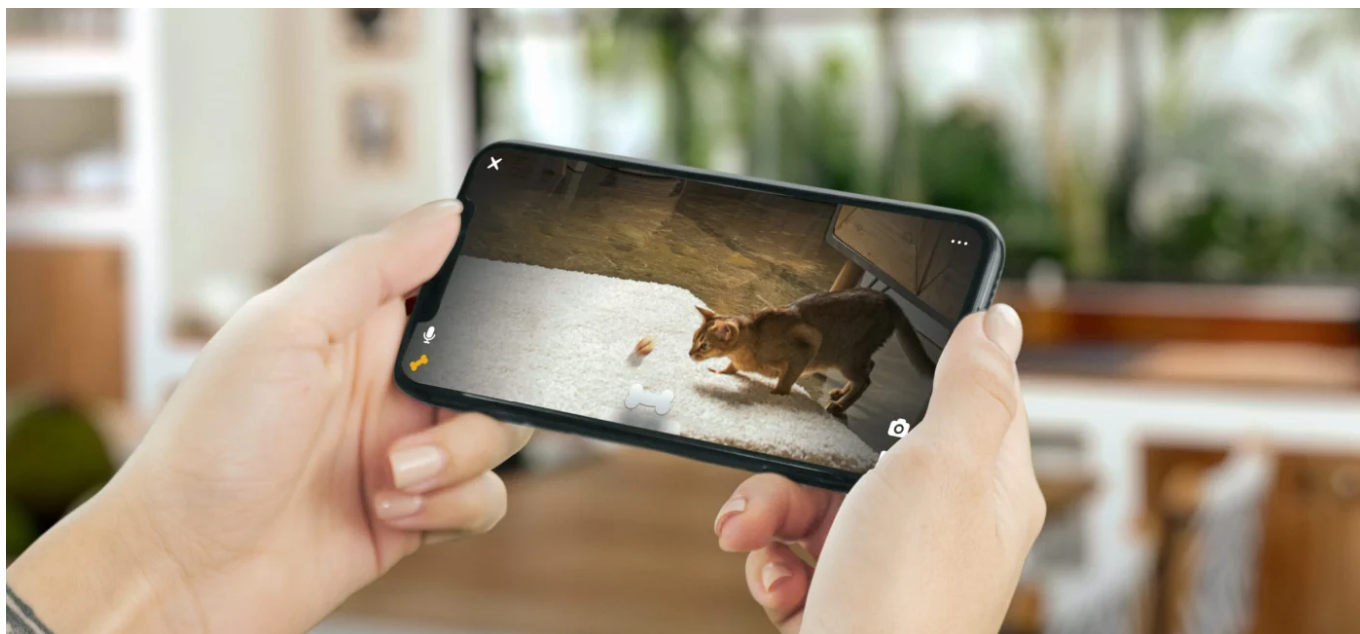

Remote Throwing of Treats and Voice Control by Alexa

Petcube Bites 2 Lite has a dishwasher-safe treat **container** that allows you to remotely toss dry, crunchy treats to dogs and cats. You can set the automatic feeding of treats using the free **Petcube app**. The camera is also compatible with Alexa voice control, making it even easier to use.

Real-time motion and sound recognition alerts supported by artificial intelligence

With an **optional Petcube Care subscription**, you can receive instant notifications of any activity in your home. The **advanced AI system**, designed specifically for pets and their caregivers, provides peace of mind by delivering real-time alerts for human as well as pet detection.

Easy Installation and Advanced Encryption

It takes less than 60 seconds to get the Petcube Bites 2 Lite ready for use. The camera is compatible with **2.4GHz WiFi** (does not support 5GHz WiFi) and requires iOS 11.4 or later, or Android 8.10 or later. **Advanced encryption** ensures the security of your data. Data transmission is via the proven **TLS protocol with 128-bit encryption**, and firmware updates are secured with signed updates.

An Indispensable Device for Every Pet Owner.

Petcube Bites 2 Lite is a comprehensive pet monitoring and interaction solution that provides peace of mind and enjoyment for both you and your pet. With its advanced technology, easy operation and additional features, it is a must-have device for any pet owner.
