Potensic

Manufacturer: POTENSIC

Referention number: DNXGHIOMLRMMNM

Product features

Power source	Battery
Recommended age group	Adult
GLONASS	Yes
Sensor type	CMOS
Memory card slot(s)	Yes
Remote control included	Yes
Field of view (FOV) angle	79.4 °
Normal focusing range	4 m
Shutter speed	1 s
Runtime	35 min
Digital zoom	4 zoom factor
Live view	Yes
Suitable for outdoor use	Yes
USB ports quantity	1
Battery capacity	17.18 Wh
Battery voltage	7.7 V
Suggested gender	Boy/Girl
Maximum ascent speed	5 m/s
Maximum descent speed	4 m/s
Vertical hover accuracy	0.1 m
Horizontal hover accuracy	0.5 m
Maximum operating distance	10000 m

Supported file systems	exFAT
Operating temperature (T-T)	0 - 40 °C
Number of battery cells	2
Image formats supported	DNG
Maximum aperture number	1.8
Drone class	C0
Maximum video resolution	8000 pixels
Lowest latency	120 ms
Easy to apply	Yes
Video formats supported	H.265
Compatible memory cards	MicroSD (TransFlash)
Night mode recording ISO sensitivity (normal)	100 - 25600
Video recording ISO sensitivity (normal)	100 - 6400
Wi-Fi standards	802.11a
Wi-Fi	Yes
Battery technology	Lithium-Ion (Li-Ion)
Supported video modes	1080p
Video resolutions	1920 pixels
Controller operating time (max)	4 h
Return Home function	Yes
Hovering time (max)	29 min
Maximum flight time	32 min
Maximum wind resistance	10.7 m/s
Megapixel (approx.)	48 MP
Maximum flight altitude	120 m
Product colour	Grey
Foldable	Yes
Number of propeller blades	8
Position location	Yes
Motor	Brushless
Type	Quadcopter
Baby unit batteries included	Yes
Product weight	249 g
Type	Fly More Kit

Full product description

Potensic Atom 2 Fly More Kit - 4K HDR drone with GPS and 10 km transmission

The **Potensic Atom 2 Fly More Kit** is an expanded kit that offers additional accessories, **three batteries and a smart charger** for even longer flights. With **an advanced camera, precise GPS and object tracking features**, you can create smooth and professional footage effortlessly.

Amazing 4K image quality

The Potensic Atom 2 Fly More Kit drone features **a 4K HDR camera with an 8K 1/2" CMOS F1.8 and a 3-axis gimbal** for clear, smooth footage and highly detailed photos. Dolly Zoom, Slow Motion and digital zoom allow for unique effects that work well for filming landscapes as well as dynamic shots. **An advanced stabilization system** eliminates shake, making your videos look professional.

Intelligent flight functions

With **GPS** and **object tracking**, the drone recognizes a moving object and automatically follows it, making it easier than ever to record dynamic scenes. **QuickShot** modes allow you to quickly create striking shots, and **PixSync4.0** ensures stable transmission over distances of **up to 10 km**. Automatic return to start point takes care of flight safety, even in case of signal loss.

AI Track

Follow with Precision and Flexibility

Long flight time and powerful battery

Three 5200mAh batteries allow for a total of more than 90 minutes of flight time, giving you more time for recording and exploration. A smart charger is included to quickly and safely charge all batteries. By **optimizing power consumption**, you can check battery status in the app and plan flights more efficiently.

MAX 10KM Transmission

PixSync 4.0 | 32,800 ft Connectivity | 1080p Live View

Exceptional stability and precision

The Potensic Atom 2 Fly More Kit drone uses the **Downward Vision System** for precise hovering and smooth landings. **Wind resistance of up to 38 km/h** ensures flight stability even in harsh weather conditions. **The ergonomically designed controller** allows for comfortable control, precise maneuvering and access to advanced functions.

Contents of the kit

- Potensic Atom 2 Standard Kit Drone
- Controller
- Smart charger
- 3 pcs. 5200mAh battery
- Spare propellers (8 pairs)
- USB-C charging cable
- Screwdriver and screw set
- User manual
