Full product description

Compact and reliable measurement in all conditions

The Powerlink PWL-E40 is a laser distance meter that will work well for both professional applications and home use. With a range of up to **40 meters** and an easy-to-read LCD screen, any measuring task becomes quick and hassle-free. The device allows you to conveniently switch between units - **meters, inches or feet**, adding to its versatility. This is the ideal **distance measuring device** for those who need accuracy in a compact form. Intuitive operation makes it easy for even a novice user to master its functions.

Kompaktowe urządzenie mieszczące się w kieszeni

Functionality that increases efficiency

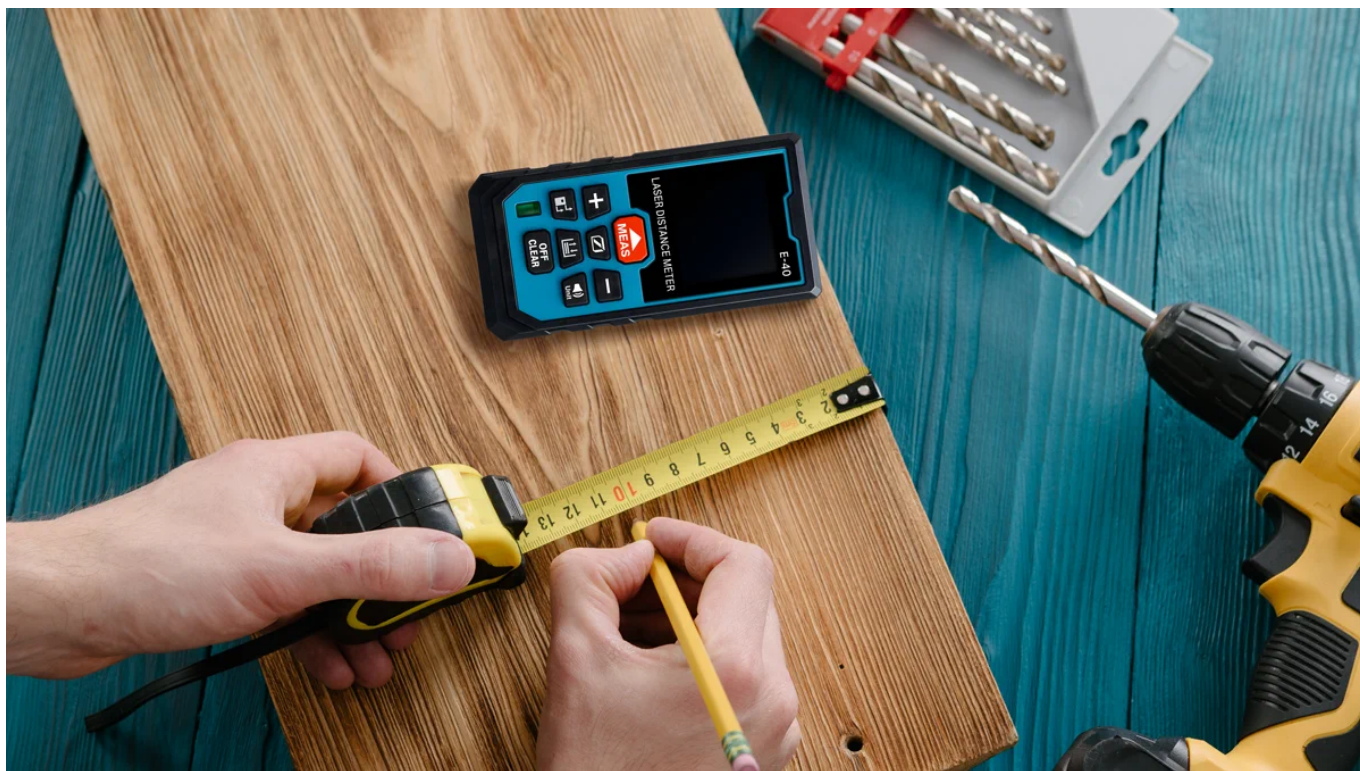

This **laser rangefinder** offers **automatic calculation of measurements**, eliminating the need for manual calculations. The built-in memory allows you to **save recent results**, so you can easily return to previous data. The device also allows you to make quick calculations with its **value addition and subtraction** function. This makes the Powerlink **laser meter** an invaluable support in construction work, interior design or outdoor measurements. All to increase your productivity and reduce your margin of error.

40 m Pomiaru

Lightweight, durable and handy

The **Powerlink PWL-E40** features a compact design - its dimensions are **10 x 14 x 5 cm**, and it weighs just **0.2 kg**. So you can easily carry it in your pocket, bag or by your belt. The rubberized casing and **soft touch buttons** add to the comfort and durability of use. The device is ideal for those who work on the move or in changing conditions - wherever quick access to proven equipment is important. A **laser meter** of this class is a combination of convenience and durability.

Ready-made kit - everything you need

With the device, you get a **full set of accessories**: batteries, a practical lanyard and a soft protective case. This makes the Powerlink PWL-E40 **laser rangefinder** ready for use right out of the box - no need to buy extras. The whole device is packaged in a safe and aesthetically pleasing manner, which also makes it perfect for a gift. Convenient storage and easy portability mean that the tool will always be at hand. This is a one-stop solution for anyone who values mobility and readiness for action.

The ideal choice for professionals and do-it-yourselfers

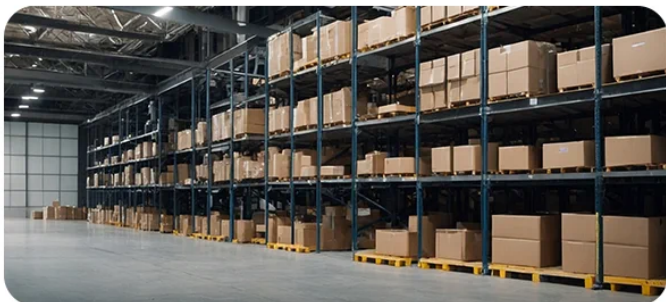

Whether you're an engineer, decorator, carpenter or simply taking measurements at home, the **Powerlink PWL-E40** will provide you with **precise distance measurements** in any situation. This **distance measuring device** is designed for ease of use and advanced functionality. It will work well in industries such as construction, urban planning, real estate and logistics. Thanks to its high accuracy and reliability, you can be sure that your measurements will always be accurate.
