Price: **584.25 zł** gross / 475.00 zł net

Manufacturer: QUWIRELESS

Referention number: DNXXGKPMHRMMLK

Product features

Height	276 mm
Antenna type	Directional antenna
Width	272 mm
Depth	96 mm
Harmonized System (HS) code	85177100
Antenna gain level (max)	6 gain
Impedance	50 Ω
IFU / User manual	Yes
Country of origin	Poland
Operating temperature (T-T)	-40 - 75 °C
Mounting	Wall/Pole
International Protection (IP) code	IP67
Product colour	White
Voltage Standing Wave Ratio (VSWR)	1.8
Horizontal beam width (2.4 GHz)	360
Vertical beam width (2.4 GHz)	25
Horizontal beam width	90 °
Vertical beam width	90 °
Polarization	Vertical polarization
Antenna gain (2.4 GHz)	6
Gain	4 gain
Antenna connector type	PoE/LAN

Watch case material	Acrylonitrile butadiene styrene (ABS)
Designation	Indoor & outdoor
Product weight	1800 g

Full product description

QuWireless QuMax A240M - Your new communications center

Experience a new quality of connectivity with an antenna from QuWireless. This innovative LTE and Wi-Fi antenna is designed for users of Teltonika's RUT241, RUT240, RUT200, and RUT230 routers. With its advanced technology and robust design, the QuMax A240M is the ideal solution for those who need a reliable and fast wireless connection.

Performance and speed

The QuWireless QuMax A240M is an antenna that guarantees exceptional performance for LTE and Wi-Fi connections. Thanks to its design and advanced technology, it ensures **stable and fast connections**, regardless of external conditions. With a maximum signal gain of 7 dBi, you can enjoy uninterrupted internet access.

Durability and resilience

The directional antenna **features** exceptional **durability and** weather **resistance**. IP67 certification ensures that it is dust and water resistant, making it **ideal for outdoor applications**. The robust housing provides protection even in the most extreme weather conditions.

Ease of installation

Installation of the QuWireless Qumax A240M antenna **is extremely simple** and intuitive. Thanks to PoE technology, you can power your device without the need to run additional power cables. This solution not only saves time, but also reduces installation costs.
